[00:07] Daichi

Video games are wonderful.

[00:09] Daichi

I might be a 38-year-old man,

[00:11] Daichi

but when I'm in a game, I'm young again.

[00:13] Daichi

And I can do things that

I could never do in real life.

[00:18] Daichi

Okay, time to start by making my character.

[00:22] Daichi

I'll name him "Earth," I guess.

[00:25] Daichi

Since Daichi's my real name.

[00:26] Daichi

And I'll make him look... young.

[00:29] Daichi

He can be the same height as me...

[00:32] Daichi

And he definitely needs

black hair and black eyes.

[00:35] Daichi

There. That should do it.

[00:38] Daichi

*He doesn't exactly stand out, but I'm not
the type to be the main character myself.*

[00:45] Daichi

I'm a salaryman in the real world.

[00:47] Daichi

I can only play two or three hours a day.

[00:50] Daichi

*So I might cause trouble for other
players if I tried to play with them.*

[00:53] Daichi

*I'll be going solo
most of the time, I bet.*

[00:56] Daichi

*Now to pick my skills. I can pick mostly
things that were underpowered...*

[01:00] Daichi

or, let's be honest, trash, during the beta.

SIGN Archery

SIGN Kick

SIGN Long-Distance

Vision

SIGN Wind Magic

[01:04] Daichi

Then the hardcore crowd will leave me alone,

SIGN Production Fingertips

SIGN Cooking

SIGN Woodworking

SIGN Medicine

SIGN Sneak

[01:08] Daichi

and I play the game at my own pace.

SIGN Improved

Physical Abilities

[01:10] Daichi

Out of my ten skills, six are underpowered.

[01:13] Daichi

*Bows are supposed to have
really bad accuracy.*

[01:16] Daichi

*And potions are available cheap from NPCs,
so medicine's pretty worthless.*

[01:23] Daichi

Kick has no special attacks.

[01:26] Daichi

*You can't beat an enemy in
one hit just by kicking it.*

[01:29] Daichi

*Wind Magic is worse than the
other types for attacking.*

[01:33] Daichi

*It doesn't work against Fire and
it's useless against Earth.*

[01:38] Daichi

Sneak has a high MP cost.

[01:40] Daichi

*If you move, it's easy to find you, so it's
not good for trying to run away from monsters.*

[01:44] Daichi

Improved Physical Abilities supposedly gives a bonus to running, using a weapon, or crafting.

[01:49] Daichi

*But it's a small bonus,
so if you want to be strong,*

[01:53] Daichi

you should pick something more specialized.

[01:58] Daichi

But by picking skills that are underpowered,

SIGN Improved Physical Abilities

Sneak

Bow

Wind Magic

Production Fingertips

Cooking

Medicine

Woodworking

Kick

[02:01] Daichi

other people won't want to play with me.

[02:03] Daichi

So I can relax and play my way.

[02:06] Earth

That's it for making my character!

[02:08] Earth

Time for my first log-in!

It's the first day, so the place is packed.

[04:15] Myun

You're a new player, right?

How about some equipment?

[04:19] Myun

We've got the good stuff!

[04:28] Earth

I guess there aren't any archers, huh?

[04:31] Ward

You there, loser.

[04:34] Ward

The one with the bow.

[04:36] Earth

*This is an unlucky way
to start my first day...*

[04:39] Earth

You mean me?

[04:40] Ward

Don't you know that bows are useless?

[04:43] Ward

I guess some people are just weird!

[04:46] Ward

And you've got the face of a loser.

I guess they didn't like the bow...

[06:34] Earth

What was I supposed to do if I didn't use appraise on these first?

[07:05] Earth

What were the devs thinking, putting this in the first area?

[07:10] Earth

I went to a potion store and used my starting cash to buy a beginner's medicine crafting set.

[07:16] Earth

[07:20] Earth

[07:21] Earth

You grind up the herb, soak it in clean water, heat it, and you're done.

[11:15] Earth

But I've got work tomorrow.

[11:18] Earth

Time to go to bed.

[11:29] Earth

What's with this bread?
It's pretty unimpressive.

[11:32] Earth

The stuff you buy from NPCs
doesn't taste that good.

[11:36] Earth

If you can taste stuff in this game,

[11:39] Earth

I'd like to be able to eat
something that tastes better.

[11:47] Earth

I've got my seasonings and cooking set...

[11:50] Earth

Time to get to work!

[11:54] Earth

*First, I'll start by just frying
the meat to see how it tastes,*

[11:58] Earth

then season it with salt and pepper.

[12:01] Earth

My very first rabbit steak!

SIGN

A simply-prepared serving of rabbithorn meat.

[12:08] Earth

It's tough! It's way too tough!

[12:13] Earth

So its score is 2, huh?

[12:16] Earth

*Now I'll try making cuts in
it and preparing it properly.*

[12:21] Earth

*And I'll put some herbs in to
get rid of the gamy taste.*

SIGN

A serving of rabbithorn steak prepared with fragrant herbs.
Proper preparation has made the meat much more tender.

[12:32] Earth

It's tender and delicious!

[12:36] Earth

It's got a score of 5, huh?

[12:38] Earth

I'd love to get it up another point or two.

SIGN Score: 5

[12:43] Earth

Scoring it was definitely the right idea.

[12:46] Earth

Now I'll try to parboil it a little before frying.

[12:55] Man

What's that tantalizing,
herbaceous aroma I'm smelling?

[12:58] Woman

It's making me so hungry!

[13:00] Crowd

Why would I smell meat in a place
like this? It smells so good!

[13:01] Crowd

I've never smelled anything like it!

[13:02] Crowd

Where's it coming from?

SIGN

The meat of a rabbithorn, lovingly prepared by parboiling it before frying.

The parboiling liquid was flavored with herbs, as well.

[13:08] Earth

I finally got a score of 7!

[13:11] Earth

I'm satisfied with this!

[13:13] Crowd

Let me have some!

[13:15] Crowd

You can't make something that smells
this good and not give us any!

[13:22] Earth

O-Okay!

[13:25] Earth

A hundred gloh per steak!

[13:28] Earth

How about that?

[13:29] Earth

*That's about 20 times what
it costs to buy bread from the NPCs!*

[13:32] Crowd

I'll take it!

[13:32] Crowd

I'll pay, just give it to me!

[13:37] Crowd

Is it ready yet?

[13:38] Earth

[13:40] Crowd

Where's mine?

[13:41] Earth

Wait, I said!

SIGN End of Line

[13:43] Earth

*And so I spent the evening in cooking hell,
but I crafted enough to get to cooking level 20.*

[13:46] Crowd

[14:00] Earth

and finally escape that hell.

[14:05] Earth

And now I'm making a bow.

[14:08] Earth

*There's no demand for bows so
you have to make them yourself.*

[14:12] Earth

*I'm going to start by making the
simplest bow out of just a piece of wood.*

[14:18] Earth

*I'll sand it down carefully and add
something to make it less slippery.*

[14:21] Earth

Make the grips and tie the string...

SIGN

Probably too weak to use against monsters.

Atk+4 Score: 3

[14:30] Earth

A score of three and an attack of four, huh?

[14:33] Earth

*It's better than the basic
beginner's bow, I guess.*

[14:36] Earth

I guess I can try some other stuff.

[14:38] Earth

I can put together three pieces of wood,

[14:40] Earth

*two made from a harder material
and one that's more flexible...*

[14:44] Earth

*Then sand down the parts that face each
other so they fit together and bend.*

SIGN

A bow made by combining multiple types of wood together.

Atk +12 Score: 5

[21:03] Earth

[21:05] Ward

*Archers can't do anything but steal

[21:08] Ward

But he's fighting up close?!

[21:27] Zwei

He's amazing, Millie!

[21:28] Zwei

[21:33] Earth

Sorry for the trouble!

[21:35] Earth

open my shop again tomorrow, okay?

[21:41] Daichi

[21:45] Daichi

[21:49] Daichi

by all the craftspeople, now.*

[21:53] Daichi

And they'll end up quitting the game, too, I bet.

[21:55] Daichi
