[00:01] Tajima

Welcome back, everyone.

[00:03] Muto

Hey.

[00:04] Tajima

Very well done, Okino-kun.

[00:07] Tajima

We really owe you for—

[00:08] Okino

Aw, shucks.

[00:09] Kataoka

Wrong!

[00:13] Kataoka

That was *far* from well done.

[00:15] Kataoka

Okino-kun. You used too much ammunition.

[00:18] Kataoka

We had a meeting recently in which we agreed to a hard upper limit of 70 rounds per battle.

[00:22] Muto

Here we go again.

[00:24] Muto

It's 650 yen per round.

[00:36] Okino

Aw, c'mon.

[00:38] Tajima

Kataoka-san, this was his first deployment.

[00:41] Kataoka

You're the one who wanted to use
bio rounds due to environmental concerns!

[00:46] Kataoka

They're at least 1.85 times the standard cost!

[00:49] Kanie

Don't you recognize the
financial state we're in?

[00:49] sign

Namidome Industries

[00:52] Kanie

Why didn't you pass on the
most crucial bit of information?

[00:55] Tajima

Uh, I'm not sure I'd call it the *most* crucial...

[00:58] Kataoka

What could be more important?

[01:01] Kataoka

That's what it means...

[01:02] Kataoka

to be a company!

[02:35] Okino

Still, that "pest"... What was that thing?

[02:39] Okino

I've never seen anything like it.

[02:42] Muto

We don't know what they really are.

[02:45] Muto

That's why they're such a problem.

[02:48] Muto

We call them Giant Beasts.

[02:51] Okino

Giant Beasts?

[02:53] Muto

Crap.

[02:55] Okino

Oof! Hey, man! Slow down!

[03:56] Muto

Now, if you'll just stamp here...

[04:08] Muto

And if I may ask, have you learned anything new at all?

[04:12] Muto

Even the smallest of leads would be very helpful.

[04:15] Muto

For instance, whether they're reptilian or mammalian...

[04:19] Muto

I understand you're dissecting them,

[04:22] Muto

so if the contents of their stomachs has revealed new information, perhaps you could...

[04:28] Inomata

What? Are you implying we're slacking off?

[04:32] Muto

Oh, perish the thought. I just...

[04:35] Inomata

We're already asking our small number of researchers

[04:37] Inomata

to take time out of their shifts for this.

[04:40] Muta

Well, I just thought—

[04:41] Inomata

Besides, there's not much we can learn when all you bring us is carcasses.

[04:48] Okino

Excuse me.

[04:49] Okino

Are you implying that something *besides* a carcass would lead to answers?

[04:55] Inomata

Who's this?

[04:56] Muto

Oh, this is our newest staff member—

[04:59] Okino

My name is Okino.

[05:04] Okino

You're saying a live specimen would do the trick, right?

[05:07] Okino

So if we bring you one alive,
you can find out what they are?

[05:12] Inomata

Well, maybe.

[05:16] Inomata

But there's no way you can
bring one in alive, is there?

[05:20] Inomata

Not *you* folks.

[05:28] Muto

That guy's always such a pill.

[05:31] Muto

We've brought him six of those things
and he still doesn't have a single lead.

[05:36] Okino

Hey...

[05:37] Okino

Isn't this the kind of thing
they'd normally send in the JSDF for?

[05:43] Muto

JSDF?

[05:44] Okino

Well, I mean...

[05:45] Okino

What if they're aliens or something?

[05:48] Okino

This is a national... No, a *global*
defense force level situation.

[05:55] Muto

There's no way they're aliens.
The Giant Beasts come from the island.

[05:59] Okino

Okay, but sometimes there's aliens
that come from underground too, right?

[06:04] Muto

Come on, man. This isn't
a movie or some video game.

[06:09] Okino

Well, okay. But still, I'd love to capture one
alive and make Inomata-san eat his words.

[06:14] Okino

But if the Giant Beasts are aliens,
they might eat people and stuff.

[06:19] Okino

And suddenly, chomp!

[06:20] Okino

That kind of thing.

[06:26] Okino

Muto-san?

[06:28] Muto

They do.

[06:31] Muto

One year ago, people died.

[06:39] Muto

Oh? All alone, Miyuki?

[06:41] Miyuki

Oh, hey. Welcome back.

[06:43] Okino

[06:44] Miyuki

[06:48] Muto

[06:50] Muto

[06:52] Muto

It was pretty common back at Kanie.

[07:10] Muto

Hey now. Don't be so soft on the new kid.

[07:13] Miyuki

I'm not. They told me to send him home

Ryugan Island, Creature Invasion Incident Report

[07:39] sign

1. Nine accidents resulting in personal injury on Ryugan Island.

Nine accidents resulting in personal injury have occurred on Ryugan Island.

Of these, all nine resulted in death. The details of the incidents are described below.

1) Case 1 (fatal accidents 1-3)

[07:39] sign

Victims: Family of 3, including Man A. Residents of Ryugan Island.

Status: Deceased

Location: Residence of Man A

Details: Victim was commuting to work at a construction site on the northwest portion of the island in his personal vehicle. However, upon realizing that he'd left his packed lunch by the front door at home, he placed a call to his wife at home in the central east portion of the island. His wife answered immediately, but then heard a mysterious sound coming from somewhere inside the house and went to investigate without hanging up.

Shortly after, Man A heard a violent sound and the screams of his wife through the phone. He also heard his wife desperately shouting the name of their elementary school-aged son.

Man A contacted the police, then headed for the scene in his personal vehicle.

On the way, he also contacted his workplace. He explained the situation, and placed a request for aid.

[07:40] Okino

This is...

[07:43] Muto

The first fatal attack was the wife and child of an old Namidome employee.

[07:47] Muto

Then the employee himself.

[07:49] Muto

Then five co-workers who went to help him.

[07:53] Muto

Later on, the body of an older woman in the neighborhood was discovered.

[07:58] Okino

Police wrote it up as a bear attack?

[08:02] Muto

That's right.

[08:04] Muto

The police and local government peddled the line that it was a bear.

[08:08] Okino

That's nuts! That thing I fought was way scarier than a bear!

[08:22] Muto

That part was a way bigger story,

[09:06] Kataoka

And...

[09:07] Tajima

There's *more*?!

[09:09] Kataoka

This is, in fact, the *main* issue.

[09:11] Kataoka

We use a boat to take
Bullbuster to the island, right?

[09:15] Tajima

Yes.

[09:16] Kataoka

We might not have that any longer.

[09:19] Tajima

Wha? We "might not"?

[09:21] Kataoka

Naruse-san from Takotsubo Fisheries
lets us use it for free, right?

[09:26] Kataoka

I got a call out of the blue
and they want it back.

[09:30] Tajima

There's only so much
they'll let us do for free, huh?

[09:34] Kataoka

No, apparently, it's not about the money.

[09:36] Kataoka

They had a sudden change of heart.

[09:39] Tajima

Did we do something to offend them?

[09:42] Kataoka

I had the same question,
so I started poking around.

[09:45] Kataoka

It seems the Builders' Union is involved.

[09:48] Tajima

What do you mean?

[09:50] Kataoka

Namidome Industries started out as a
Ryugan Island construction company, right?

[09:55] Tajima

Yeah. But when the island became
uninhabitable, we moved here, across the way.

[10:00] Kataoka

It appears some haven't
taken too kindly to that.

[10:05] Kataoka

The city's got budgetary issues,

[10:07] Kataoka

so the local SMEs are already fighting each
other for the few public projects out there.

[10:12] Tajima

What does that have to do with us?

[10:15] Kataoka

Our parent company...

[10:17] Tajima

You mean, Shiota Chemical?

[10:20] Kataoka

Shiota's a major company.

[10:23] Kataoka

The rumor is we're gonna use that connection to monopolize the island's reconstruction.

[10:28] Tajima

As if. We're a pest control company.

[10:31] Kataoka

These people are treating it as a foregone conclusion.

[10:36] Kataoka

And the union's quietly putting pressure on the fisheries not to lend us their boats.

[10:41] Kataoka

Bullbuster exhausts its battery on a single deployment.

[10:45] Kataoka

Power's still out on the island, so it has to come back after each battle.

[10:50] Kataoka

We need a boat to operate, period.

[10:55] Kataoka

We're completely sunk.

[11:12] Tajima

So many gray hairs.

[11:15] Tajima

Sunk, huh?

[11:23] Tajima

Branding Details

[12:52] sign

This company, Namidome Industries, formerly specialized in the maintenance and construction of residential facilities on Ryugan Island. However, recent eruptions of poison gas and appearance

of large pest animals resulted in a change of direction. They currently focus exclusively on the eradication of pest animals and environmental protection on the island, and participate in no construction whatsoever.

Regarding this company's logo redesign,

1. The company wants to promote their change in specialty.
2. In addition to this, they wish to turn around their current image, promoting...

We would like to strongly address the above two points.

In regards to this direction, avoiding strict use of kanji... would be desirable.

[12:53] Tajima

We'd like a plan to change our brand from a construction company

to one with its full and exclusive focus on pest control.

Work site?

[16:22] Okino

The island. Ryugan Island.

[16:25] Okino

It's full of busted-up houses and stuff.

[16:27] Okino

Wouldn't it be awesome to
see Bullbuster standing there?

[16:31] Photographer

You mean it?

[16:32] Horiuchi

Can we?

[16:33] Okino

We can really get it rolling!

[16:35] Okino

The residential area near
the school is pretty tumbledown.

[16:38] Okino

Amid the rubble of calamity
stands our savior, Bullbuster!

[16:42] Okino

It'll make for awesome pictures.

[16:45] Photographer

But first, let's get one mo—

[16:52] Okino

Hey! Arumi-san!

[16:56] Okino

L-Look, we were just getting pictures to put on the homepage

[17:00] Okino

for the Namidome rebranding project.

[17:03] Okino

We want people to see how awesome Bullbuster—

[17:05] Arumi

Anyone can use that thing with enough training. It's not an especially impressive machine.

[17:10] Arumi

I think you're under a misapprehension.

[17:12] Okino

What?

[17:13] Arumi

Our work isn't fun and games like you think it is.

[17:18] Arumi

Don't treat it like a video game.

[17:22] Muto

Boy, what a chore.

[17:25] Muto

That course ended up going on for three hours.

[17:29] Muto

Uh, did I miss something?

[17:33] Muto

Pictures, huh?

[17:36] Okino

I don't get why Arumi-san's so angry about it.

[17:41] Muto

You probably got a little overeager back there.

[17:45] Okino

I suggested taking pictures in front of the ruined houses, that's all.

[17:50] Muto

And *that* would be where you screwed up.

[17:52] Okino

Hey! I was doing it for the company!

[17:55] Okino

Won't the homepage look better if it's full of cool pictures of Bullbuster?

[18:02] Muto

Listen up.

[18:05] Muto

Like I told you earlier,
this isn't a movie or a video game.

[18:11] Muto

The gas and the Giant Beasts
drove actual people from their homes.

[18:18] Muto

This is reality.

[18:31] Okino

I was definitely the jerk back there.

[18:35] Okino

But she didn't have to...

[18:46] Okino

Arumi-san?

[19:01] Okino

Hey!

[19:02] Okino

Hey, um...

[19:05] Okino

I, uh... I want to apologize for
being so thoughtless this morning.

[19:10] Okino

I'm sorry.

[19:12] Arumi

If you want to play video games,
do it in your own house.

[19:17] Okino

I didn't create Bullbuster so I could
pretend I was in a video game!

[19:21] Okino

I put everything I am into that robot!

[19:24] Okino

So many hours, so much work...

[19:27] Okino

No, it's about a lot more than that.

[19:30] Okino

The end product of putting my body
and soul into something...

[19:33] Okino

Bullbuster is the
culmination of everything I am!

[19:38] Okino

I worked to make sure anyone using it could
safely and efficiently handle their targets.

[19:43] Okino

I know my feelings might seem small compared
to what the people on the island went through...

[19:49] Okino

But it hurts that you think I'm not taking things seriously just because I'm not from here!

[19:58] Okino

Hey, wait a minute, damn it!
How can you treat me like this?

[20:02] Okino

I bowed my head and apologized to you.

[20:04] Okino

Shouldn't you say something about that, at least?

[20:07] Okino

Are you always like this?
Never responding to anyone?

[20:10] Okino

That's no way to live your life, you know!

[20:20] sign

Namidome Industries

[20:24] Okino

Jeez, I'm soaked.

[20:30] Miyuki

Morning.

[20:31] Miyuki

What a rainy day, huh?

[20:33] Okino

Good morning.

[20:35] Okino

What's that?

[20:37] Miyuki

I was gonna send it out for cleaning.

[20:40] Miyuki

It looks like Arumi-chan arrived early and went searching for something out in the rain.

[20:47] Okino

Arumi-san...

[20:53] Okino

Any luck?

[20:59] Okino

I knew it'd look cool in the pictures.

[21:03] Okino

That one's good.

[21:04] Okino

No, *this* one's better.

[21:06] Kataoka

What're you mumbling about?

[21:07] Okino

Oh, uh, nothing.

Mr. Horiuchi:

Hello, there! This is Okino from Namidome Industries.

We managed to find the SD card. Please find attached a file of the pictures we had taken earlier.

I hope you'll use these pictures to make the awesomest homepage possible!

Thank you so much for all your help!

[21:19] Miyuki

We look so international! Isn't that cool?

[21:22] Muto

I'd say the sign outshines the building.

[21:25] Tajima

I think it's even nicer than I expected.

[21:28] Tajima

Right, Kataoka-san?

[21:30] Kataoka

I wouldn't really know.

[21:32] Kataoka

But I'm sure the delivery companies will appreciate how visible the color is.

[21:47] Worker

All done.

[21:54] Tajima

The new Namidome Industries is just getting started.

Okino. You've really stepped
in it this time, haven't you?

[22:55] Muto

Idiot!

[22:56] Muto

I asked you if that was all there
is to your robot appreciation!

[23:00] Okino

I'm done for.

I'm exhausted.

[23:03] Arumi

What about how the islanders feel?

We at Namidome Industries
will get you all back to the island.
