I'm Shinkai Haru.

One day, I obtained an App Drive

app monster Gatchmon.

**[00:41] ---**

We're heading for the final battle  
against the big boss AI, Leviathan.

I'm doing it to get back

Haru!

My Yujin isn't gone!

Leviathan Apprealized,

and quickly started devouring humans.

**[01:06] fb**

He ate our God Appmon, too.

Shinkai Haru,

there is nothing left that you can do.

Because what matters

Right?

Smartphones aren't working...

What do we do?

Are we really the only ones who...

Hey!

Where are you going, Haru?

Don't leave us behind!

No way!

Pipe down.

*Huh?*

**[04:56] ---**

*Who's there?*

**[04:58] ---**

*Hello?*

**[04:58] haru**

*Hello?*

**[05:06] ---**

*Appmon:*

**[05:07] ---**

**[05:11] ---**

*capable of thinking

**[05:13] ---**

*In the real world,*

**[05:22] ---**

*And now,*

**[05:24] ---**

*a terrible AI lurking deep in the  
dark web is beginning to stir.*

**[05:30] ---**

*In the year 2045,*

**[05:33] ---**

*artificial intelligence will  
transcend human intelligence.*

**[07:10] lev**

Human Applications  
stage one: intake complete.

**[07:14] lev**

Now purging all relevant areas.

**[07:43] haru**

Ai-chan!

**[07:44] eri**

Ai-chan!

**[07:50] haji**

You guys!

**[07:51] haji**

You're safe!

**[07:53] haji**

I'm so glad!

**[07:55] rei**

Are you all right?

**[07:57] haji**

Yeah!

**[07:59] den**

*I'm glad you're all safe!*

**[08:02] haru**

Grandpa Deneimon!

**[08:04] ---**

Sorry for the wait!

**[08:05] den**

*You should be safe  
in that room for now!*

**[08:08] den**

*It's guarded, after all!*

**[08:10] tora**

But Musimon and the others...

**[08:12] eri**

Leviathan ate them!

**[08:15] den**

Yes,

**[08:16] ---**

*he's trying to install the God Appmon  
into himself.*

**[08:21] den**

*If you don't save them before  
the process is complete,*

**[08:24] den**

your Appmon will never  
return to normal.

**[08:27] eri**

No way...

**[08:28] tora**

You gotta be kidding...

**[08:29] haru**

It's okay.

**[08:31] haru**

They won't give up.

**[08:33] haru**

I'm sure they're inside Leviathan  
right now, fighting hard!

**[08:37] eri**

Haru...

**[08:40] tora**

I bet you're right.

**[08:41] haji**

If I adjust the frequencies  
of the Seven Code Bands,

**[08:44] ---**

you might be able to contact  
them inside Leviathan.

**[08:47] rei**

Use this.

**[08:48] rei**

I'll help.

**[08:49] haji**

Sure.

**[08:52] haru**

Hey, Grandpa.

**[08:54] haru**

Why is Leviathan installing  
Gaiamon and the others?

**[08:59] den**

*It's all so that he can evolve.*

**[09:03] den**

After breaking off from  
the good AI Minerva,

**[09:07] den**

Leviathan began restructuring himself.

**[09:10] den**

And in order to evolve  
far more dramatically,

**[09:13] den**

he stopped following  
the rules of the human world

**[09:15] den**

doing anything it took to get smarter.

**[09:19] den**

*His next stage was to take  
in superior Appmon.*

**[09:24] haru**

Superior Appmon?

**[09:26] den**

*Yeah.*

**[09:29] den**

One method of evolving  
an artificial intelligence

**[09:32] den**

is to make artificial intelligences  
compete with each other repeatedly

**[09:35] den**

until a handful of elites are left behind.

**[09:39] den**

He tried that with the Appmon.

**[09:42] haji**

Of course...

**SIGN** Roulette Wheel Selection

**[09:43] ---**

because Appmon are artificial intelligence, too.

**[09:46] den**

Leviathan had the Appmon he unleashed on the world

**[09:49] ---**

learn on their own and compete with each other,

**[09:51] den**

then waited for those elite to be born.

**[09:55] haru**

And those elite were...

**[09:57] eri**

...the God Appmon?

**[09:58] den**

That's right.

**[10:00] den**

He waited for them to evolve to God Appmon,

**[10:03] ---**

then absorbed them.

**[10:05] tora**

Then he used us to produce the God Appmon?

**[10:09] haru**

That's true...

**[10:11] haru**

All this time,

**[10:12] ---**

we've been looking for combinations of Appmon who could App Fusion.

**[10:17] eri**

In other words,

**[10:19] ---**

being pursued by Leviathan created stronger Appmon?

**[10:24] haji**

Does that mean everything that's happened so far

**[10:29] ---**

was arranged by Leviathan?

**[10:30] tora**

You mean we've been working for Leviathan this whole time?

**[10:35] den**

*That is one way of putting it.*

**[10:39] den**

And now,

**[10:41] ---**

Leviathan is trying to become  
the ultimate artificial intelligence

**[10:43] den**

by turning humans into apps  
and acquiring all information on Earth.

**[10:50] den**

He took physical form to acquire  
that information directly.

**[11:01] tora**

Sounds like we're pretty outmatched...

**[11:04] eri**

What can we possibly do by ourselves?

**[11:07] haru**

Grandpa.

**[11:08] ---**

Isn't there anything we can do?

**[11:10] haru**

Some way to stop Leviathan?

**[11:13] den**

*You could say that Leviathan's  
assumption of a physical form*

**[11:16] ---**

*gives us our chance.*

**[11:20] haru**

What do you mean?

**[11:21] den**

*Leviathan originally existed  
exclusively as data.*

**[11:24] den**

*Bringing himself into the physical world*

**[11:27] ---**

*has produced his greatest weakness.*

**[11:29] den**

*In other words...*

**[11:30] den**

*If his body itself is destroyed,*

**[11:32] ---**

*he will cease to exist entirely.*

**[11:43] rei**

In other words,

**[11:44] ---**

if we can destroy his body  
with physical attacks,

**[11:46] ---**

Leviathan will be eliminated.

**[11:50] haru**

And if we do that,

**[11:51] ---**

maybe we can get everyone back!

**[11:54] haru**

Even Yujin...

**[11:56] rei**

It is possible.

**[11:59] rei**

But that's assuming  
we *can* beat him.

**[12:02] haji**

I've established a stealth  
channel inside Leviathan!

**[12:06] haru**

Gatchmon! Can you hear me?

**[12:07] tora**

Musimon!

**[12:09] eri**

Doka-chan!

**[12:10] gatch**

*Haru! Haru!*

**[12:12] ---**

*Can you hear me?*

**[12:13] haru**

Gatchmon, you okay?

**[12:15] ---**

Where are you?

**[12:17] gatch**

*I'm inside Leviathan!*

**[12:20] haru**

You're not installed yet, then?

**[12:22] haru**

I'm so glad!

**[12:28] gatch**

Not yet...

**[12:30] doka**

Eri-chan!

**[12:32] musu**

Astora!

**[12:36] hack**

Be careful.

**[12:37] hack**

We only just escaped.

**[12:39] ---**

We're still unstable.

**[12:41] hack**

Hey.

**[12:42] off**

Everyone... I'm sorry.

**[12:46] off**

I couldn't stop Yujin.

**[12:56] haru**

Offmon...

**[12:57] doka**

*Big Bro! Look!*

**[12:59] haru**

What is it?

**[13:00] gatch**

Things are getting pretty bad here!

**[13:03] hack**

Deusmon's installation has begun.

**[13:06] gatch**

We need to get out of here now!

**[13:08] hack**

It's only a matter of time before  
the other God Appmon are absorbed.

**[13:11] haru**

Do you think you can find a way out?

**[13:16] den**

*There's only one way out.*

**[13:17] haru**

What should they do?

**[13:18] den**

*Have Minerva hack it!*

**[13:21] haru**

Have Minerva...

**[13:23] den**

*In order to avoid an  
attack from Leviathan,*

**[13:26] den**

*I put Minerva to sleep  
in a certain hiding place.*

**[13:30] tora**

What hiding place is that?

**[13:32] den**

*Spaaaaace!*

**[13:36] eri**

What's spaaaaace?

**[13:39] all**

Wait...

**[13:40] all**

Space?!

**[13:42] den**

Yes!

**[13:43] den**

There was nowhere in the  
terrestrial 'net where she'd be safe!

**[13:47] den**

A satellite in orbit up in space...

**[13:50] den**

That's where I hid Minerva!

**[13:53] ---**

*Here's how the plan will work:*

**[13:56] ---**

First, we'll transmit some data from  
Earth directly and wake Minerva up.

**[14:03] ---**

Then she'll hack into Leviathan  
to create a way out of his body.

**[14:09] gatch**

But Leviathan's core  
is protected by a firewall!

**[14:14] doka**

Then let's bust it up  
with a Big Bang punch!

**[14:17] den**

*And while it's busted, she'll hack it.*

**[14:19] den**

*The data to wake up Minerva*

**[14:23] den**

*must be sent from Tokyo High Tower!*

**[14:26] den**

*You'll have to send it in the few seconds  
while the satellite is directly overhead.*

**[14:29] den**

*In that instant, she'll begin the hacking.*

**[14:31] den**

*At the same time, Gatchmon  
and the others must breach the firewall.*

**[14:36] haji**

There are too many points of failure!

**[14:38] ---**

There's no way it'll work!

**[14:39] den**

*Even if that's true, you just have to try!*

**[14:43] rei**

If we don't do it, humanity is finished.

**[14:47] rei**

Leviathan will become  
Earth's new master.

**[14:52] musu**

*Aw, kinda feels like  
too much pressure...*

**[14:55] tora**

*Way too much pressure!*

**[14:58] haru**

*Let's go, Gatchmon!*

**[15:00] gatch**

*Yeah!*

**[15:01] ---**

*We're gonna make this work!*

**[15:17] haji**

*You need to use the parabola  
antenna at the top of the tower.*

**[15:20] haji**

*Use the control room to make it*

**[15:22] ---**

*point directly overhead  
when the satellite passes.*

**[15:25] tora**

*So gotta hurry!*

**[15:27] haji**

*You have ten minutes  
until the satellite arrives.*

**[15:29] gatch**

*Sure! Leave it to us!*

**[15:31] doka**

*We're coming for you,  
you stupid firewall!*

**[15:33] musu**

*Yeah!*

**[15:36] haji**

*Please be careful, everyone.*

**[15:39] haji**

*There will probably be measures  
to stop intruders heading for the core.*

**[15:44] gatch**

*Yeah,*

**[15:45] ---**

*looks like there are!*

**[15:50] hack**

*Worms, eh?*

**[15:52] hack**

*Troubling.*

**[15:56] rei**

*What's going on here?*

**[15:58] haru**

What?

**[15:59] rei**

I can't get the antenna to move.

**[16:00] tora**

Why not?!

**[16:02] eri**

You think Leviathan's  
blocking the signal?

**[16:05] tora**

But, we don't have time  
to change the plan!

**[16:10] haru**

We just need to get the antenna  
pointing upwards, right?

**[16:14] haru**

I'm going to go up and move it myself!

**[16:17] tora**

A-Are you kidding?

**[16:18] haru**

Just wait here!

**[16:19] haru**

I'll figure something out!

**[16:22] tora**

Haru!

**[16:23] eri**

Wait up!

**[16:32] haru**

I need to hurry!

**[16:36] yu**

Why do you continue to struggle?

**[16:38] tora**

Haru!

**[16:43] eri**

Yujin...

**[16:46] gatch**

Gatch Claw!

**[16:51] doka**

Big Bro!

**[16:57] musu**

We don't have time to beat 'em all, yo!

**[16:59] hack**

Just keep going.

**[17:00] ---**

Don't try to fight them.

**[17:05] doka**

They don't give up!

**[17:09] hack**

Now.

**[17:10] ---**

They'll start moving again soon.

**[17:12] gatch**

Got it!

**[17:13] haji**

*Seven minutes left!*

**[17:16] tora**

You've been tricking  
Haru all this time, right?

**[17:19] tora**

So you betrayed  
him from the start, Yujin?

**[17:23] yu**

It wasn't especially difficult.

**[17:26] yu**

Shinkai Haru proved  
quite easy to manipulate.

**[17:31] tora**

You son of a...

**[17:33] tora**

H-Hey, Eri!

**[17:34] eri**

Big Bang punch!

**[17:38] tora**

That's a kick!

**[17:39] ---**

So cheating!

**[17:41] eri**

Who cares?

**[17:42] eri**

He did something awful to Haru!

**[17:45] eri**

What's so funny?

**[17:47] yu**

Everything you're doing  
is just so pointless.

**[17:50] yu**

Nothing you do can stop this.

**[17:53] eri**

Shut up!

**[17:54] eri**

When Haru puts his mind  
to something, he does it!

**[17:56] eri**

You know that, don't you?

**[18:04] tora**

Haru!

**[18:09] haru**

I'm okay!

**[18:15] eri**

Yujin!

**[18:17] eri**

Why, you...

**[18:18] eri**

Come on! Fight me!

**[18:31] doka**

More keep coming!

**[18:33] gatch**

Don't let them catch you!

**[18:35] gatch**

If they catch you, you're dead!

**[18:36] gatch**

Run away!

**[18:39] off**

Leave this to me and go on ahead!

**[18:43] hack**

Offmon...

**[18:43] hack**

You...

**[18:44] off**

I have to ask you all a favor.

**[18:48] off**

Yujin...

**[18:50] off**

Save Yujin!

**[18:53] doka**

Offmon...

**[18:55] musu**

Sure!

**[18:56] ---**

You can so leave it to us!

**[18:58] gatch**

Thanks, Offmon.

**[19:01] off**

Knead, knead, knead, knead...

**[19:03] off**

Knead, knead, knead!

**[19:14] haji**

*Two minutes left!*

**[19:16] haru**

I'm out of time!

**[19:18] haru**

What should I do?

**[19:25] doka**

I'm getting dizzy!

**[19:27] gatch**

Don't look at the sides!

**[19:29] gatch**

We're almost there!

**[19:32] doka**

They're here!

**[19:34] hack**

Hurry up!

**[19:35] musu**

30 seconds left, yo!

**[19:37] gatch**

Okay! Leave it to us!

**[19:39] gatch**

*Will we make it in time?*

**[19:40] gatch**

*Wait.*

**[19:41] ---**

*That's kinda bad...*

**[19:44] gatch**

*What'll we do? What'll we do?!*

**[19:46] haji**

*The satellite is entering  
transmission range!*

**[19:48] gatch**

Doka!

**[19:49] gatch**

Run, Dokamon!

**[19:56] haji**

*Ten seconds left!*

**[20:01] haru**

Here we go, Gatchmon!

**[20:03] gatch**

Here we go, Haru!

**[20:11] doka**

Big Bro! The wall!

**[20:22] doka**

Big Bang punch!

**[20:26] haji**

*Three seconds!*

*Two seconds! One second!*

**[20:30] haji**

*The satellite's in range!*

**[20:32] rei**

Well done, Haru!

**[20:34] rei**

Now, Minerva...

**[20:35] ---**

wake up!

**[20:49] rei**

Now, hack into Leviathan!

**[20:51] rei**

Go!

**[21:24] gatch**

You did it, Haru!

**[21:26] gatch**

We've got our way out!

**[21:29] ---**

*Yeah!*

**[21:33] tora**
