**[00:17] Senku**

All this, by herself...

**[00:28] Suika**

Senku.

**[00:30] Suika**

Look at this.

**SIGN** Nitric Acid Farm

**[00:42] Suika**

To get this far...

**[00:45] Suika**

It took years and years.

**[00:51] Suika**

I failed over and over and over.

**SIGN** Revival fluid

**[01:00] Senku**

A niter farm made from animal feces.

**[01:04] Senku**

They did this all the time during the Warring States era in Japan, too.

**[01:08] Senku**

It takes a stupid amount of time,

**[01:12] Senku**

but if you keep at it,

**[01:16] Senku**

you'll ten billion percent make it to revival fluid.

**[01:21] Senku**

Not bad, Suika.

**[01:28] Suika**

I could only make one dose, though, so I woke you up first.

**[01:33] Senku**

You nailed the order, too.

**[01:36] Senku**

You get a million points.

**[01:39] Senku**

Well, then, time for the first  
craft show in seven years.

**[03:32] Senku**

Done.

**[03:33] [SONG] Text**

m 0 0 | 214 0 | 214 82 | 0 82

**[03:33] [SONG] Text**

Nitric acid  
acquired!!

**[03:33] Suika**

In a day?!

**[03:35] Suika**

It took me years!

**[03:37] Suika**

You're really amazing, Senku!

**[03:41] Senku**

It's just that I used a different technique.

**[03:43] Senku**

It's a piece of cake if you have platinum.

**[03:50] Senku**

All we need now is alcohol.

**[03:52] Senku**

We'll have to wait at least  
half a month for it to ferment.

**[03:56] Senku**

So we can make a ton of  
nitric acid in the meantime.

**[04:03] Senku**

Sixteen whole doses of revival  
fluid in sixteen days.

**[04:34] Kohaku**

Suika...

**[04:40] Suika**

I'm about the same age as you now, Kohaku.

**[04:46] Suika**

I can't ask you to squeeze me anymore.

**[05:21] Suika**

Ryusui! Francois!

**[05:23] Francois**

It's been a long time, Suika-sama.

**[05:27] Ryusui**

You did fantastic, Suika.

**[05:34] Francois**

Sixteen doses of revival fluid.

**[05:37] Francois**

Meaning just enough for all of us.

**[05:42] Ryusui**

What to do with the enemies is  
a discussion for another day.

**[05:45] Ryusui**

For now, we have to revive  
everyone on our side.

**[06:05] Kaseki**

I feel great every time I'm un-petrified!

**[06:10] Kaseki**

Maybe if you petrify me once in a while,

**[06:13] Kaseki**

you can keep this old foggy alive  
until we make it to our goal.

**[06:18] Kaseki**

And then, just like how Suika grew up,  
you might all catch up to me, too.

**[06:26] Chrome**

Crap, that's right.

**[06:28] Chrome**

We could have kept Kaseki petrified  
for a while so that he'd live longer.

**[06:33] Chrome**

We can't really revive him with the  
petrification device once he's dead, right?

**[06:38] Chrome**

No, seriously, how are we going to fix  
the ship and stuff without Kaseki?

**[06:43] Kaseki**

Sounds like you all need me.

**[06:45] Kaseki**

I gotta stay strong!

**[06:47] Tsukasa**

Senku.

**[06:50] Tsukasa**

What about Hyoga?

**[06:52] Senku**

Yeah, I'm about to use the last  
of our revival fluid on him.

**[06:59] Taiju**

That means all of us are here!

**[07:02] Suika**

I kept everyone here to wait for you.

**[07:08] Senku**

What if Hyoga...

**[07:35] Chelsea**

Hyoga! Hyoga! Hyoga!

**[07:38] Chelsea**

Don't you have a line for moments like this, Hyoga?

**[07:42] Suika**

A thank-you? You don't need to thank me.

**[07:45] Chelsea**

I don't mean that.

**[07:46] Chelsea**

No, I mean Hyoga's usual line.

**[07:52] Hyoga**

You sure are proper indeed.

**[07:56] Chelsea**

You're all the best!

**[08:08] All**

Hell yeah!

**[08:20] Ryusui**

Starting tomorrow, we'll be working across North America, Japan, Treasure Island...

**[08:25] Ryusui**

no, the entire world, reviving all humanity.

**[08:31] Ryusui**

But just for tonight, we'll have a feast to celebrate our victory!

**[08:44] Kohaku**

What's the matter, Suika?

**[08:46] Kohaku**

Aren't you eating?

**[08:49] Suika**

I've been eating on my own until now.

**[08:54] Suika**

Always alone.

**[09:00] Suika**

So...

**[09:02] Suika**

Just being with everyone is enough to make me feel satisfied.

**[09:11] Kohaku**

Suika...

**[09:15] Ryusui**

I said tonight's a feast, did I not?

**[09:17] Ryusui**

To say your heart is full even when your stomach is empty is a little too modest.

**[09:22] Ryusui**

Am I wrong?

**[09:23] Francois**

Yes, sir.

**[09:25] Francois**

To want is justice.

**[09:29] Francois**

Coconut milk fruit soup.

**SIGN** Grrrr

**[09:51] Suika**

It's delicious!

**[09:54] Suika**

It's really, really good when  
I'm eating with other people.

**[10:01] Suika**

It's the best meal I've ever had.

**[10:25] Chrome**

I just noticed your cracks are still there even  
after being repaired by the revival fluid.

**[10:30] Senku**

Yeah, this spot ended up  
getting completely weathered.

**[10:36] Gen**

Senku-chan.

**[10:39] Gen**

Tsukasa-chan seems to have gone to  
the waterwheel shed by himself.

**[10:50] Suika**

Senku?

**[10:52] Gen**

All right, everyone, listen up!

**[10:55] Gen**

Time for a surprise seven-year  
mentalist victory magic show!

**[11:16] Chrome**

Crap, I drank too much!

**[11:26] Chrome**

*We could have kept Kaseki petrified  
for a while so that he'd live longer.*

**[11:34] Chrome**

*Yeah... true.*

**[11:37] Chrome**

If we all revive at the same time,

**[11:40] Chrome**

Kaseki's gonna be the first one to go.

**[11:46] Chrome**

I hadn't even thought about that sorta thing.

**[11:57] Tsukasa**

Given that he was unconscious,  
Hyoga would have had no way to know...

**[12:04] Tsukasa**

that he was deceased.

**[12:10] Tsukasa**

I had plenty of time.

**[12:13] Tsukasa**

There was no mistaking it.

**[12:17] Senku**

Tsukasa, there's no denying it,  
coming from you.

**[12:22] Senku**

We suspected as much,

**[12:24] Senku**

since you broke my neck and since I woke  
you up from your suspended animation.

**[12:29] Senku**

We've inadvertently confirmed that hypothesis  
with an experiment that cost us our lives.

**[12:37] Tsukasa**

Petrification denies death itself.

**[12:41] Tsukasa**

Why-Man's Dr. Stone is

**[12:46] Tsukasa**

humankind's greatest scientific taboo:  
a tool that can revive the dead.

**[12:52] Tsukasa**

The forbidden fruit.

**[12:55] Tsukasa**

Just this moment, we—

**[13:00] Tsukasa**

all of humanity—

**[13:07] Tsukasa**

have attained eternal life.

**[13:18] Chrome**

Holy shit!

**[13:22] Chrome**

Are you serious?!

**[13:23] Chrome**

That's insane!

**[13:24] Chrome**

That means...

**[13:28] Chrome**

Kaseki won't die, either!

**[13:30] Senku**

Yeah, maybe.

**[13:32] Senku**

All hail Why-Man.

**[13:34] Chrome**

Man, what if we had Why-Man all wrong  
and he's actually a super nice dude?

**[13:41] Chrome**

Then again, he tried to  
turn all of us into stone.

**[13:45] Chrome**

I don't get it.

**[13:47] Chrome**

What's Why-Man's deal?

**[13:49] Tsukasa**

We'll have to go and ask him.

**[13:52] Tsukasa**

Before more Medusas rain down on the earth.

**[13:56] Senku**

Yeah.

**[13:58] Senku**

All the way to the moon.

**[14:01] Senku**

And as luck would have it, oh, look at that!

**[14:06] Senku**

We have a happy moon tourism specialist!

**[14:11] Senku**

Freshly brewed revival  
fluid number seventeen.

**[14:14] Chrome**

Are you sure about this?

**[14:16] Chrome**

You're really going to revive Xeno *now*?

**[14:20] Tsukasa**

Yep. He won't be a problem.

**[14:23] Chrome**

Oh, right. I guess he won't put  
up a fight with you around.

**[14:28] Tsukasa**

As long as we have Stanley locked down.

**[14:32] Senku**

It might not even be a matter of  
military prowess at this point.

**[14:37] Senku**

The rules of the world are ten  
billion percent different now.

**[14:48] Xeno**

Light of immortality.

**[14:50] Xeno**

What elegant, depraved science that  
violates the providence of nature!

**[14:57] Chrome**

Depraved? You mean it's bad?

**[15:00] Chrome**

How is it bad?

**[15:02] Chrome**

No one has to die anymore!

**[15:04] Chrome**

That's insanely insane science!

**[15:07] Chrome**

I gotta tell everyone else!

**[15:11] Tsukasa**

To never die is equal to death itself.

**[15:14] Tsukasa**

Or something even more dreadful.

**[15:20] Tsukasa**

An endless world.

**[15:23] Tsukasa**

Soon, this planet will be  
overrun by tens of billions,

**[15:29] Tsukasa**

even trillions of old people.

**[15:32] Tsukasa**

Food and resources are finite.

**[15:35] Tsukasa**

Inevitably, all that awaits is a  
dystopian world in which one person

**[15:42] Tsukasa**

plays God and chooses others to  
banish to eternal petrification.

**[15:51] Senku**

Not that we're sure it can fight off  
cellular deterioration indefinitely.

**[15:56] Xeno**

And with the devices being out of battery,  
we have no means of investigation.

**[16:02] Tsukasa**

Until we know more, we ought to  
keep it between the four of us.

**[16:11] Tsukasa**

If the future revives find out  
that we've achieved immortality,

**[16:16] Tsukasa**

the rules of the world will  
be turned upside-down.

**[16:19] Tsukasa**

Chaos could ensue.

**[16:24] Xeno**

Dr. Stone is the source of eternal life.

**[16:28] Xeno**

Control this science, and you may

even become an absolute dictator.

**[16:34] Xeno**

Yet, you took that risk to tell me.

**[16:38] Xeno**

Surely there must be a reason.

**[16:42] Xeno**

Isn't that...

**[16:44] Chrome**

That's the ear piece we used  
on the treasure island.

**[16:49] Senku**

You remember Why-Man's

**[16:51] Senku**

"12 million 800 thousand meters, 1 second"?

**[16:57] Senku**

It's been tuned to pick  
up the lunar broadcast.

**[17:04] Xeno**

And it's been silent all this time?

**[17:07] Senku**

It's been broadcasting the  
petrification command all this time.

**[17:11] Senku**

And yet, as soon as we humans stopped  
moving, it stopped saying anything.

**[17:15] Chrome**

That settles it, then!

**[17:18] Chrome**

Xeno, I don't know why, but Why-Man

**[17:23] Chrome**

keeps trying to petrify all of humanity so long  
as there are humans walking around on Earth.

**[17:29] Senku**

The rules of humanity have completely  
changed in this new world.

**[17:35] Senku**

There's no more dictatorship  
or anything to speak of.

**[17:41] Senku**

All humanity is immortal now.

**[17:45] Senku**

Instead, Why-Man can have us  
all trapped in prisons of stone.

**[17:52] Senku**

If you have a problem with that trade-off...

**[17:57] Xeno**

We'll have to set out to the moon to

negotiate with him directly. Correct?

**[18:13] Xeno**

Stanley Snyder's actions were...

**[18:16] Xeno**

A, entirely justified by the rules of combat, or B, attempted murder.

**[18:24] Xeno**

It's up to us to decide how we deliver our testimony. Am I right?

**[18:27] Ukyo**

Once civilization is reestablished, in choosing to revive Stanley...

**[18:31] Gen**

We can testify A.

**[18:35] Gen**

That's the card that we can offer you, Xeno-chan.

**[18:46] Xeno**

The card you want from me in exchange is Dr. Xeno of NASA's

**[18:50] Xeno**

full cooperation in developing a rocket.

**[18:54] Xeno**

That's an elegant transaction indeed.

**[18:58] Max**

Are you sure that's safe?

**[18:59] Carlos**

Do you really want Xeno on our side?

**[19:02] Chrome**

I have a feeling Xeno won't betray us. Especially given the circumstances.

**[19:07] Gen**

These kinds of rituals are important anyway.

**[19:09] Gen**

Especially to maintain Xeno-chan's dignity as he agrees to cooperate with us.

**[19:17] Chrome**

Yo, Gen, you weren't listening to that thing we were talking about yesterday, were you?

**[19:21] Gen**

Hm? What ever are you talking about?

**[19:35] Stanley**

*Yeah. That'll work.*

**[20:13] Xeno**

Well, shall we begin?

**[20:17] Senku**

Yeah.

**[20:21] [SONG] Text**

m 0 0 | 202 0 | 202 80 | 0 80

**[20:21] [SONG] Text**

Dr. Xeno has  
joined the party!!

**[20:38] Xeno**

Ten years...

**[20:39] Xeno**

No, 3,700 years is how long it took  
before the two of us came together...

**[20:45] Senku**

...to make a spaceship in the stone world.

**[20:50] Ryusui**

We left Japan, and tens of  
thousands of kilometers later,

**[20:57] Ryusui**

we finally stand at the starting  
line on our way to space.

**[21:04] Kohaku**

We've crossed seas, scaled mountains,  
and now we're about to go beyond the skies.

**[21:19] Suika**

Yeah.

**[21:20] Suika**

As long as we take it one step  
at a time, we'll get there.

**[21:25] Senku**

Yeah.

**[21:27] Senku**

And for that, we're going to get  
started crafting immediately.

**[21:31] Senku**

This is our road map to the spaceship!

**SIGN** Rare Metals
