**[00:04] Chrome**

The ship's just about done now!

**[00:06] Kaseki**

Or so I thought, but...

**[00:09] Kaseki**

I can't reach. It's misaligned.

It's poking out.

**[00:13] Kaseki**

The hull's becoming more and more crooked.

**[00:17] Kaseki**

I right one side, and the  
other side falls apart.

**[00:20] Kaseki**

I don't know what to do!

**[00:22] Kaseki**

I'm sorry!

**[00:23] Ukyo**

It's not your fault, Kaseki.

**[00:26] Kaseki**

You're so kind.

**[00:27] Kaseki**

I'm gonna fall in love with you.

**[00:30] Ukyo**

I mean, I'll pass on that, but...

**[00:32] Ukyo**

Building such a giant ship

**[00:34] Ukyo**

is a huge undertaking that requires  
expertise, even in modern times.

**[00:37] Senku**

No problem at all.

**[00:40] Senku**

We can just keep building and  
learning from our mistakes.

**[00:42] Senku**

The whole Kingdom of Science  
is built on trial and error.

**[00:46] Magma**

Just how many years is it  
going to take to finish it?

**[00:49] Ukyo**

I just hope Why-Man  
doesn't act in the meantime.

**[00:52] Senku**

Yeah, that's the only part I didn't account for.

**[00:55] Senku**

We don't have infinite time to spend  
rebuilding when we need to face Why-Man.

**[00:59] Senku**

Change of plans.

**[01:02] Senku**

Let's ditch the giant ship

**[01:04] Senku**

and switch to a miniature yacht  
with a crew of only a few people.

**[01:08] Chrome**

Only a few people?!

**[01:10] Chrome**

Most of us won't be going, then!

**[01:12] Yo**

I'm getting on the ship.

**[01:15] Kaseki**

Do I have to give up on you,  
my sweet little ship?!

**[01:21] Ryusui**

Give up?

**[01:22] Ryusui**

On something we want?

**[01:25] Ryusui**

Our beautiful mega-yacht?!

**[01:29] (Flashback) Uncle**

Ryusui... I'm tired of your greediness.

**[01:33] (Flashback) Uncle**

You need to learn to let things go.

**[01:38] (Flashback) Francois**

As per your uncle's orders, your allowance  
going forward will be only one million yen.

**[01:43] (Flashback) Maid**

*Only?*

**[01:45] (Flashback) Ryusui**

Give up?

**[01:48] (Flashback) Ryusui**

I have no need for such a word.

**[01:50] (Flashback) Ryusui**

I simply need not stop  
until I get what I want!

**[01:55] (Flashback) Ryusui**

Am I right?

**[01:56] (Flashback) Ryusui**

If I don't have enough money  
to start with, I'll make more.

**[01:59] (Flashback) Ryusui**

My very existence prints money  
on the financial markets!

**[02:03] (Flashback) Ryusui**

I need only use the trust placed  
in the Nanami family name

**[02:08] (Flashback) Ryusui**

to sell advantageous options  
and underwriter services!

**[02:33] (Flashback) Brass A**

It's that damn Ryusui!

**[02:34] (Flashback) Brass A**

What the hell is wrong with him?!

**[02:36] (Flashback) Brass B**

His self-indulgence has gone too far.

**[02:38] (Flashback) Brass C**

He's a stain on the Nanami  
Conglomerate's good name!

**[02:41] (Flashback) Brass D**

What are your thoughts on Ryusui, Francois?

**[02:44] (Flashback) Francois**

I'm not in a position to comment.

**[02:46] (Flashback) Brass D**

Just answer the question.

**[02:47] (Flashback) Brass D**

And answer honestly.

**[02:50] (Flashback) Francois**

Ryusui-sama is not self-indulgent.

**[02:54] (Flashback) Francois**

It's easy to give yourself reasons for not  
wanting something that you truly do want.

**[03:01] (Flashback) Francois**

It allows you to give up before you get hurt.

**[03:04] (Flashback) Francois**

But Ryusui-sama doesn't lie to himself.

**[03:07] (Flashback) Francois**

When he wants something,  
he demands it and works toward it.

**[03:10] (Flashback) Francois**

I, at the very least, would  
not call that self-indulgent.

**[03:16] (Flashback) Francois**

Greed equals

**[03:18] (Flashback) Francois**

justice.

**[03:22] (Flashback) Francois**

You just acquired a real ship,  
and you spent all night on that?

**[03:27] (Flashback) Ryusui**

Modern ships are fine, but they're  
too full of modern technology.

**[03:32] (Flashback) Ryusui**

And I want more traditional beauty.

**[03:35] (Flashback) Ryusui**

There is no goalpost to human greed.

**[03:37] (Flashback) Ryusui**

Haven't I told you? I'm the  
greediest man on Earth!

**[03:42] (Flashback) Ryusui**

A 1:48 scale mega-yacht.

**[03:46] (Flashback) Ryusui**

All I need now is a trustworthy man  
who will make this come to life.

**[03:53] (Flashback) Ryusui**

A man worthy of being part of my team.

**[03:57] Ryusui**

I'll make a model of a large ship.

**[04:01] Ryusui**

We'll scale it up accurately and make  
tweaks to the fruits of Kaseki's labor.

**[04:07] Ryusui**

You can do it, can't you, Senku?

**[04:11] Ryusui**

Am I right?

**[04:13] Senku**

Yeah, I can.

**[04:15] Senku**

As long as there's someone around who's

enough of a miniature model fanatic

**[04:20] Senku**

to make a 1:48 scale model ten billion percent accurately.

**[04:25] Ryusui**

Do you know who I am?

**[04:27] Ryusui**

I'll make an even more exhilarating ship than the original.

**[04:31] Gen**

Are you sure about this?

**[04:32] Gen**

Won't he demand ten billion drago for his services or something?

**[04:37] Ryusui**

I need no such thing!

**[04:38] Ryusui**

Not if it means I won't have to give up on what I want!

**[04:42] Suika**

It's kind of reassuring.

**[04:44] Suika**

Senku and Ryusui can do anything...

**[04:48] Suika**

just by teaming up!

**[04:51] Ryusui**

I'm not giving up on anything!

**[04:54] Ryusui**

Greed equals justice!

**SIGN** Science Vessel Perseus

**[05:05] Minami**

There.

**[05:06] Kaseki**

What's gotten into you, Minami-chan?

**[05:08] Minami**

I'm going to chronicle the construction of the ship from start to finish.

**[05:12] Minami**

I'm calling it the Kingdom of Science Photo Diary!

**[05:17] Ryusui**

We'll need a cargo hatch for sure.

**[05:19] Ryusui**

And I've moved it below the mast.

**[05:20] Ukyo**

I see!

**[05:21] Ukyo**

We can fix a pulley to the bottom of the boom to raise and lower cargo.

**[05:26] Gen**

They don't call you the sailing king for nothing.

**[05:29] Gen**

You have real-world experience.

**[05:31] Ryusui**

And in the space we gain as a result...

**[05:34] Ryusui**

We build an on-board casino!

**[05:36] Senku**

We don't need that!

**[05:38] Senku**

We'll take apart Ryusui's model and make enlarged copies of each piece.

**[05:45] Suika**

This is such a mysterious tool.

**[05:48] Suika**

You trace a drawing, and it blows it up really big on the other side.

**[05:53] Chrome**

Yeah, it's definitely about twice the size...

**[05:56] Chrome**

But that's not enough for a real ship.

**[05:59] Senku**

We'll use a 48x pantograph when we build the real deal.

**[06:03] Senku**

We're going to need a ridiculous amount of power.

**[06:07] Gen**

Um...

**[06:08] Gen**

What "power" do you need for a drawing?

**[06:12] Chrome**

It's huge!

**[06:13] Taiju**

This pen must be about 50 kilograms, huh?

**[06:15] Taiju**

Not a problem!

**[06:17] Gen**

Yup, we did need that much power.

**[06:20] Ukyo**

Maybe this is how the Nazca Lines were made, too.

**[06:24] Senku**

We'll blow up the blueprint to actual size, and prepare each part separately.

**[06:30] Senku**

Just like how they used to build ships.

**[06:43] Senku**

We need time.

**[06:44] Chrome, Kohaku & Suika**

Ack!

**[06:45] Senku**

The body will be, too, but the giant steel engine

**[06:48] Senku**

will be a ridiculously arduous death road of a task.

**[06:51] Ginro**

How many months is it going to take?

**[06:54] Ryusui**

We'll just have to take our time.

**[06:56] Ryusui**

We can engage in some winter sports in the meantime.

**[07:00] Minami**

This is going to be an epic.

**[07:05] Gen**

And now we're actually

engaging in winter sports.

**[07:09] Yo**

We can't work in the snow anyway.

**[07:11] Senku**

We've got plenty of carbon  
to make skis and snowboards.

**[07:16] Gen**

Ah, so this is merchandise.

**[07:18] Gen**

And we're making a buttload of drago.

**[07:20] Gen**

Event merch will be pretty important.

**[07:23] Kohaku**

This is way too fun!

**[07:27] Minami**

Oh, the really fast, blurry  
ghost-looking streak is Kohaku-chan.

**[07:32] Senku**

Throw some laurel leaves into the ozone  
we made, and we get vanilla essence.

**[07:39] Yuzuriha**

Was that how they made chocolate?!

**[07:41] Yuzuriha**

And the purple snap pea powder  
happens to have a hint of cacao.

**[07:45] Yuzuriha**

So we give them some bitterness with nuts  
and drizzle vanilla essence on it...

**[07:49] Yuzuriha**

And we've got chocolate substitute.

**[07:51] Ginro**

What about my chocolates?

**[07:53] Gen**

Ah, Valentine's Day.

**[07:55] Kohaku**

Valentine's Day?

**[07:56] Gen**

Yeah. Events are important.

**[07:59] Gen**

For the drago—I mean, for morale.

**[08:02] Yo**

It's chocolate!

**[08:05] Chrome**

Holy shit! It's good!

**[08:07] Ginro**

What about my chocolates?

**[08:11] Chrome**

They're all pictures of us just having fun.

**[08:14] Minami**

I want to get a sense of everyday life, too, as a journalist.

**[08:18] Minami**

After all, this year might be my last...

**[08:25] Minami**

Oh, never mind!

**[08:36] Yuzuriha**

Is this cute writing Mirai-chan's?

**[08:39] Nikki**

That would be mine.

**[08:43] Senku**

Writing comments on photos, huh?

**[08:45] Senku**

Not a bad idea.

**[08:48] Kaseki**

This is tough,

**[08:50] Kaseki**

but apparently, this'll transform our crappy level 1 iron into tough-ass steel.

**[08:58] Senku**

We'll need it.

**[08:59] Senku**

Or our massive engine's gonna blow itself up.

**[09:01] Senku**

We're using a record three-meter furnace.

**[09:03] Senku**

The coal will remove oxygen from the iron ore,

**[09:05] Senku**

leaving behind only the iron at the bottom.

**[09:05] Gen**

I don't think that's the kind of thing you write on purikura photos!

**[09:06] Senku**

We transfer that into a revolving furnace

**[09:06] Senku**

and blow the electrically  
separated oxygen gas into it,

**[09:07] Senku**

making impurities like phosphorus  
and silicon rise to the top,

**[09:08] Senku**

which we then drain away.

**[09:08] Senku**

We need to level up our  
crafting equipment, too.

**[09:12] Kaseki**

A lathe, was it?

**[09:15] Kaseki**

Whatcha making?

**[09:16] Senku**

A level 2 lathe.

**[09:19] Chrome**

And what are you making with a level 2 lathe?

**[09:21] Senku**

A level 3 lathe.

**[09:24] Chrome**

I can kinda see where this is going.

**[09:29] Senku**

There are no shortcuts here.

**[09:32] Senku**

We have to climb the machining tech tree.

**[09:35] Kinro**

Senku's team is working hard.

**[09:38] Kinro**

Is this really the time  
for us to be hunting bugs?

**[09:43] Yo**

Stag beetle!

**[09:44] Nikki**

We aren't looking for stag beetles.

**[09:45] Nikki**

We're looking for *wild silk moths*,

**[09:48] Nikki**

the ancestors of modern silk moths.

**[09:50] Ryusui**

So long as we're going out to sea, we're  
going to have to work underwater, too.

**[09:53] Ryusui**

I want swimsuits!

**[09:57] Ruri**

So this is a silk swimsuit.

**[10:00] Ruri**

It feels fantastic to the touch!

**[10:02] Ginro**

Fantastic? To the touch?

**[10:04] Ginro**

Can I try touching it?

**[10:09] Minami**

Not again.

**[10:11] Gen**

I guess Kohaku-chan always shows up like  
a ghost in any photo from this era.

**[10:31] Senku**

A year to completion, huh?

**[10:34] Senku**

That went by pretty quick.

**[10:37] Taiju**

I remember hearing those  
words a long time ago, too.

**[10:40] Ukyo**

And Why-Man hasn't attacked us, either.

**[10:43] Chrome**

Maybe he's waiting for us to make a move.

**[10:47] Ryusui**

In that case, we'll go meet him ourselves.

**[10:50] Ryusui**

We'll set out into the wider  
world with this yacht!

**[10:53] Minami**

Right...

**[10:55] Minami**

I guess people are leaving now.

**[10:59] Minami**

Come on, gather round, everyone!

**[11:01] Minami**

The ship's finally complete.

**[11:02] Minami**

Let's get a group photo with the ship!

**[11:05] Senku**

Just how many pictures do you need  
to take, you damn journalist?

**[11:09] Minami**

But we're parting ways now!

**[11:12] Minami**

Some of us are staying,  
and some are getting aboard!

**[11:16] Minami**

This year was the last year

we could all spend together.

**[11:20] Minami**

We might never see each other again.

**[11:23] Minami**

At least let me get a photo!

**[11:27] Gen**

*She's right.*

**[11:28] Gen**

*She was in charge of  
choosing who to resurrect.*

**[11:31] Gen**

*Minami-chan's always known everyone here.*

**[11:35] Senku**

What the hell are you talking about?

**[11:38] Senku**

This isn't the end.

**[11:40] Senku**

We're ten billion percent solving  
the mystery of the petrification

**[11:43] Senku**

and ten billion percent coming back  
from the other side of the planet.

**[11:51] Minami**

Just let me get a picture!

**[11:55] Minami**

Although I won't be in the picture,  
since I'm the one taking it.

**[11:57] Francois**

I suspected that this might happen,

**[12:01] Francois**

so I've commissioned the  
development of a camera timer.

**[12:05] Kaseki**

So that's what this contraption was for!

**[12:08] Chrome**

Francois's foresight is way too keen.

**[12:11] Senku**

You're using the clomp of a shishi-odoshi?

**[12:14] Senku**

That's a ridiculously primitive timer.

**[12:16] Chrome**

Who cares? It'll work!

**[12:18] Magma**

My finest work!

**[12:58] Suika**

Science Vessel Perseus...

**[13:01] Suika**

That's a really strong-sounding name.

Wasn't Perseus the hero from  
Greek mythology or something?

**[13:07] Ukyo**

The one who defeated Medusa.

**[13:10] Chrome**

Damn, that's an encouraging name.

**[13:14] Chrome**

We're about to expose the mastermind  
behind humanity's petrification

**[13:18] Chrome**

and capture them, petrification beam and all!

**[13:21] Chrome**

We're taking this ship on an epic adventure  
to the other side of the planet!

**[13:26] Senku**

I'm sure everyone's been ready since  
we started this project a year ago...

**[13:31] Senku**

But as of today,  
we're splitting into two teams.

**[13:36] Senku**

The world exploration team that'll uncover  
the secrets of the petrification beam,

**[13:39] Senku**

and the humanity development

team that'll stay behind.

**[13:44] Ryusui**

I, the captain, have personally  
compiled a crew manifest!

**[13:48] Ryusui**

Though I'd honestly have everyone  
on the ship if I could!

**[13:51] Senku**

To hell with that.

**[13:52] Senku**

Humanity would be extinct  
the moment it sank!

**[13:55] Gen**

True.

**[13:56] Minami**

Isn't there a maximum capacity?

**[14:00] Ryusui**

Needless to say, this is an  
unprecedented, dangerous mission.

**[14:06] Ryusui**

We may never return.

**[14:08] Ryusui**

There's no guarantee you'll survive.

**[14:10] Ryusui**

So even if I call your name,  
if you want to stay behind, stay.

**[14:14] Ryusui**

It's up to you to decide.

**[14:18] Chrome**

There's no point in even asking me.

**[14:20] Ginro**

*So I just need to not get chosen, right?*

**[14:25] Senku**

Never mind the platitudes!

**[14:28] Senku**

If you need someone, just con them into  
getting onto the ship if you have to.

**[14:32] Senku**

Once they're on board, they're ten  
billion percent not getting off!

**[14:36] Gen**

Let me do the dirty work!

**[14:40] Gen**

Not that I plan on going.

**[14:43] Ryusui**

Indeed, Gen, you could  
convince everyone to get on.

**[14:49] Ryusui**

It's not my problem if  
someone gets themselves killed,

**[14:52] Ryusui**

but an unwilling sailor could  
put the whole ship at risk.

**[14:56] Ryusui**

Am I right?

**[14:58] Ryusui**

Only board the ship if I call your  
name and you're prepared to go.

**[15:03] Ryusui**

Onto Science Vessel Perseus!

**[15:06] Ryusui**

That's my Senku!

**[15:32] Ryusui**

And the actual work of sailing  
is the ultimate test of strength.

**[15:39] Gen**

Wait 'til you hear your name!

**[15:43] Magma**

Though I could also stay  
behind to lead the village.

**[15:46] Mantle**

I understand, sir!

**[15:48] Mantle**

You would never settle for such a small ambition, Magma-sama.

**[15:54] Senku**

It'll be quicker to just say who's not going.

**[15:56] Senku**

Who's on the list and hasn't come aboard yet?

**[16:01] Ryusui**

Kinro!

**[16:02] Kinro**

Understood.

**[16:03] Gen**

Of course.

**[16:05] Gen**

He's the only one who waits for his name to get aboard, like he was told.

**[16:09] Kinro**

Rules are rules.

**[16:12] Ginro**

I'll be okay, right?

**[16:15] Ginro**

It's just Kinro, right?

**[16:18] Ginro**

I mean, Kinro's strong, but I'm only kinda...

**[16:21] Ginro**

I mean, not really, even...

**[16:23] Ryusui**

And... Ginro!

**[16:25] Ginro**

No way!

**[16:27] Ginro**

Nope! Nope! I'm not going to the other side of the planet!

**[16:30] Ginro**

I'm never getting on!

**[16:32] Ryusui**

Ginro, what are you talking about?

**[16:35] Ryusui**

You've got nothing to worry about.

**[16:38] Ryusui**

Didn't I tell you?

**[16:39] Ryusui**

You only have to get on if you're ready.

**[16:42] Senku**

The development team's work  
is plenty important, too.

**[16:45] Man A**

Really?

**[16:47] Man B**

I'm staying, too, then.

**[16:49] Kohaku**

I know the ship needs a power team...

**[16:53] Kohaku**

But I have one concern.

**[16:56] Kohaku**

Hyoga and Homura are still in jail.

**[16:58] Kohaku**

All of our notable fighters will have left.

**[17:01] Kohaku**

If they were to somehow break out...

**[17:04] Kohaku**

They'd take over all of Japan.

**[17:09] Yo**

They're on the ship?!

**[17:12] Senku**

It's a moving prison.

**[17:14] Senku**

No problem as long as they're with us.

**[17:16] Chrome**

We're okay with this?

**[17:18] Ukyo**

Maybe not, but they're so strong,  
they're a danger to leave behind.

**[17:24] Senku**

Besides, we may need to accept the risk

**[17:26] Senku**

and have them as a trump card  
in case we need to fight.

**[17:30] Senku**

If worst comes to worst.

**[17:34] Gen**

Now, is that everyone on the roster?

**[17:37] Gen**

Okay, let's see them off.

**[17:40] Ryusui**

Don't be ridiculous.

**[17:41] Ryusui**

Finally, Gen, you're on, too.

**[17:43] Gen**

For real?!

**[17:45] Gen**

Uh, you don't need me, do you?

**[17:47] Gen**

I've got the strength of a bean sprout.

**[17:49] Senku**

We don't know what kinds of enemies we're going to meet.

**[17:52] Senku**

What good is a mentalist if they aren't there when that happens, dumbass?

**[18:00] Gen**

I guess...

**[18:03] Gen**

If Why-Man attacks us, the mainland's in trouble, too, anyway.

**[18:09] Gen**

In that case, I might be safer on the team with Science King Senku-chan.

**[18:15] Gen**

I don't mind either way,

**[18:17] Gen**

as long as it benefits me.

**[18:21] Kohaku**

Senku.

**[18:22] Kohaku**

I've finally come to realize lately...

**[18:25] Kohaku**

That evil act is how that bat bastard saves face.

**[18:30] Kohaku**

What a pain in the ass.

**[18:36] Ryusui**

Set sail!

**[18:38] Ryusui**

To the seas of the stone world, untouched by humanity!

**[18:42] Ryusui**

To the world!

**[18:45] Minami**

You'd better come back!

**[18:45] Man**

Be strong!

**[18:47] Mirai**

Be careful! For my brother's sake, too!

**[18:50] Chrome**

Yeah!

**[18:50] Chrome**

We're gonna take down the criminal behind

the petrification and get the beam back!

**[18:54] Yo**

Yo, is it just me, or are  
we heroes right now?

**[19:04] Ruri**

They're really gone.

**[19:09] Chrome**

Not everyone that got called came along.

**[19:13] Kohaku**

They aren't wrong to refuse.

**[19:14] Kohaku**

It's a truly dangerous journey.

**[19:17] Kinro**

Ginro, you...

**[19:21] Kinro**

It's fine. I know.

**[19:22] Kinro**

That's the kind of man he's always been.

**[19:28] Mirai**

What?!

**[19:29] Villager A**

Ginro just dove in!

**[19:32] Ginro**

Wait for me!

**[19:33] Ginro**

Kinro! Senku! Ryusui!

**[19:36] Ginro**

Guys!

**[19:37] Ginro**

I don't care if it's dangerous!

**[19:39] Ginro**

I'm fighting, too!

**[19:40] Ginro**

For all of us!

**[19:42] Ginro**

For the world!

**[19:43] Ginro**

I'm going, too!

**[19:46] Ginro**

I'm going!

**[19:48] Ruri**

Ginro!

**[19:50] Ginro**

*Are you watching, guys?*

**[19:52] Ginro**

*Come on, take a picture!*

**[19:54] Ginro**

*Get a picture!*

**[19:55] Ginro**

*Well? How's my passionate chase?*

**[19:58] Ginro**

*But as a person of the sea, I know...*

**[20:00] Ginro**

*The waves will cover up my voice.*

**[20:02] Ginro**

*Not even Ukyo will hear  
me from this distance.*

**[20:07] Ginro**

*I couldn't catch up...*

**[20:08] Ginro**

*even though I really wanted to.*

**[20:11] Ruri**

*I adore your courage, Ginro!*

**[20:14] Minami**

*You're not like the others who chickened out!*

**[20:17] Ginro**

*And of course I'd rather not  
go on a dangerous voyage.*

**[20:20] Ginro**

*But I want people to think I'm courageous.*

**[20:25] Ginro**

*I get the best of both worlds!*

**[20:28] Senku**

*Hey, Ukyo, keep the radar pointed  
at the mainland for a bit.*

**[20:32] Ukyo**

*Huh? Why?*

**[20:34] Senku**

*I just feel like it.*

**[20:36] Kinro**

*Senku, thank—*

**[20:38] Kinro**

*No... Never mind.*

**[20:43] Ukyo**

*Something's approaching from the shore.*

**[20:46] Taiju**

*Is it the fabled Why-Man?!*

**[20:47] Senku**

*Why would it be, you idiot?*

**[20:49] Senku**

*He said it's from the shore.*

**[20:52] Ukyo**

*Someone's chasing us to try to get aboard.*

**[20:55] Kinro**

It can't be!

**[21:01] Ginro**

How the hell?!

**[21:07] Senku**

Pretty slick, Ginro, you nut.

**[21:10] Kohaku**

I'm impressed.

**[21:12] Nikki**

I'm surprised, too.

**[21:14] Nikki**

I always thought he was a  
slimeball through and through.

**[21:17] Gen**

I never expected this one, either, honestly.

**[21:21] Kinro**

I believed in you, Ginro!

**[21:23] All**

Ginro! Ginro!

**[21:24] Ginro**

Wow, science is amazing!

**[21:28] Ginro**

Thanks, but no thanks!

**[21:32] Chrome**

Well, Kinro's got some company now.

**[21:35] Ginro**

I never felt lonely.

**[21:37] Kohaku**

Where are we going first?

**[21:39] Kohaku**

Are we going straight to the  
other side of the planet?

**[21:41] Senku**

Nope.

**[21:43] Senku**

We have a destination.

**[21:45] Senku**

The treasure island.

**[21:47] Chrome**

Island?!

**[21:48] Kohaku**

Where?

**[21:49] Magma**

What for?

**[21:51] Senku**

For the god-tier item we'll  
need to rescue all of humanity.

**[21:56] Senku**

The island my dad's team crash-landed on.

**[22:00] Senku**

To where the astronauts who  
survived the petrification

**[22:06] Senku**

and the spaceship Soyuz went beddy-bye.

**[22:09] Senku**

To where the Hundred Tales began.
