Oe Oe Break down! All things
Oe Oe Only we can manipulate that
How's that nightmare that's making
you cry out in your sleep?

An expression of feigned
ignorance takes Control

Doesn't rulership have a bitter taste?
Woven together (Ayy, chains
of solitude and rage)

So! The growing Hates chain
together into a Fever

What the people desire
is a destructive leader

Beneath those who try to climb above the rest
(Drop those who cannot escape are Crying
and eventually fall into a Deep hole)

Fabulously cold-blooded, you
can find relief in Your Place

(We will be EMPERORS looking down on you)
Only we can manipulate that
Our empire begins (Ho!)
with a deafening roar (Ho!)

Seize tomorrow (HA HA!)
Gimme number number number top
I'd rather chain it to myself (Ho!)
than have it taken from me (Ho!)

So tightly it'll leave a scar (HA HA!)
You remember remember remember remember
Ready ready go Ready ready go
Ready ready go Ready ready go
Ready ready go, Yeah yeah
Ready ready go
