At the top of this leaning tower,
for the first time

I'm realizing how far down the ground is
While I was obsessively climbing up
I'd forgotten that this Tightrope even existed
The speed at which I'd fall
Is surely far faster than
whatever I can imagine

Am I afraid? I can't deny it
But I'm being tested Rise on shaky legs
These overflowing words
This musical that won't stop playing
Express the reason they're here
In a vibrantly glowing Impression
(Step firmly) Where should I go?
(Step firmly) I want to make you happy
(Step by step) Let's keep moving forward...
(Every step we take)
Is the Glitter leading to tomorrow
