A buzzing area full of Boys & Girl
A flashy jewel in the
middle of wriggling lust

Hiding in the darkness
is a dubious silhouette

Who are you? (Yeah, are you kidding me?)
A fuzzy feeling, I can hear the footsteps
The freezing eyes force Attention
A tough approach to curiosity
Who are you? (Yeah, I came to see you)
It's a one-on-one battle, so I can't lose
You forget to even breathe
Hurry up and find out
Moving Moving Moving Moving...
Don't hesitate, Dancing! Amazing!
Aim only for the hope of tomorrow
Now in Dimension, In section
In the gap of dimensions I challenge,
Last own battle

I'm not going to go easy on you,
if our encounter was inevitable

Just try and start something,
now who will be the one

To pull the trigger?
