

OP - Wish Voyage

Gazing at the distant sky...
Someday we'll make it past there
Build a rainbow Next Harmony!
We don't know what's right
So we Try and Jump!
Slamming face first into challenges and laughing
For us It's Only Way!
Make it shake (For Your Sky)
Make it reach (For Your Heart)
We'll change any and all kinds of pain
Do Live! (Yeah!)
Live! (Yeah!)
In the light!
(One, Two, Three, Four, Five, Six, Seven Go!)
Yes Glory Days! Together we'll run through them
If your voice (Fuu!) reverberates (Dream!)
Then your wishes will become
destiny (Singing New World!)

Give rise now to Age of Stage!
The future surely lies on the other side
Yes... It will keep on evolving
Our WiSH VOYAGE
Build a rainbow Next Harmony!
