[00:03] MR

Aes!

[00:10] Grauphon

Oho. Show me what you've got.

[00:13] Gene

Double-Headed Aerkos?

[00:16] MR

Aes, why? Answer me!

[00:20] Silvia

It's always the same! Why don't you understand what's in my heart?!

[00:24] Silvia

Why doesn't my voice reach you?!

[00:27] Noir

Sadly, you're just not cut out to be a revolutionary.

[00:30] Silvia

You weakling!

[00:42] Naomi

This always happens when she gets heated up.

[00:52] Naomi

Been waiting for you.

[00:53] Naomi

I'll be joining you guys.

[00:56] Naomi

Have the you-know-what ready.

[00:59] Fenrir Captain

Ready the antiphaser.

[02:43] Gregory

Vice-Director! Hurry!

[02:45] Gene

Rouge!

[02:46] MR

Brother! Stay back!

[02:54] Grauphon

You've certainly grown in the short time since I saw you last.

[03:00] Gene

And you haven't changed, Grauphon.

[03:07] Grauphon

We...

[03:10] Grauphon

can't change.

[03:14] Grauphon

Watch as the castle you all built burns down.

[03:19] Gene

Your overdramatic way of saying things hasn't changed, either.

[03:25] Grauphon

Close your mouth...

[03:28] Grauphon

and listen to the echoes of destruction.

[03:37] Grauphon

Rouge Redstar!

[03:40] Grauphon

Give your id in exchange for his life!

[03:43] MR

Don't you dare touch my brother!

[03:46] Grauphon

You wretched slaughterer,

[03:48] Grauphon

murderer of your own kind...

[03:51] Grauphon

Offer up your very soul!

[04:06] MR

Jet Black Noir?

[04:08] Noir

Eden Varock.

[04:09] Noir

I'd prefer it if you called me that.

[04:22] MR

Eden!

[04:23] Silvia

I'll keep you alive a bit longer.

[04:32] MR

Eden!

[04:35] Silvia

You would sacrifice yourself for that murderer of her own kind?

[04:39] Silvia

Is the daughter of Eva that important?

[04:43] Grauphon

I didn't want to see you this way.

[05:09] Grauphon

All the pieces are in place.

[05:12] MR

Give back my brother!

[05:19] Silvia

Time to end this.

[05:24] Naomi

The Usurpers' landing ship?!

[05:35] Eden

Go.

[05:39] MR

That's...

[05:40] Naomi

He's alive?!

[05:43] MR

Gene!

[05:45] Eden

Go, Rouge.

[06:00] MR

You're the one from before?!

[06:01] Cyan

Looks like you can fight in that form.

[06:04] Cyan

Now, fight me!

[06:10] MR

Move!

[06:11] Cyan

Feeling up to it now, are you?

[06:14] MR

Gene!

[06:18] Cyan

Don't get distracted, now, Big Sister.

[06:22] MR

Why are you getting in my way?!

[06:28] Cyan

That's the way, Metal Rouge!

[06:32] Cyan

Now you're an opponent worth defeating!

[06:35] Ash

They're evenly matched?

[06:50] Naomi

They're resonating with each other.

[06:52] Naomi

They might really be sisters.

[06:55] Naomi

If we use the antiphaser now, it'll take out

not only the blue one, but Rouge, too...

[07:02] Naomi

Rouge!

[07:03] Naomi

Invert your output phase!

[07:06] Naomi

Invert phase! Don't ignore me!

[07:09] MR

What are you even talking about?!

[07:14] Cyan

I told you not to get distracted!

[07:16] Naomi

Damn it, what are you doing?!

[07:18] MR

You're the one who keeps talking to me!

[07:21] Naomi

Just hurry up and do as I say! Trust me!

[07:24] MR

How am I supposed to trust you?!

[07:26] Naomi

Trust me!

[07:27] MR

As if I can!

[07:28] Naomi

Trust me!

[07:30] MR

Oh, damn it!

[07:31] Cyan

Quit squabbling already!

[07:34] MR

Do what with this phase, now?!

[07:37] Naomi

Invert it!

[07:38] Naomi

Focus your consciousness!

[07:39] Naomi

Deform one more time,
like you're becoming a Gladiator!

[07:43] MR

What?! I already am one!

[07:45] Naomi

Do it anyway!

[07:46] Naomi

Come on, focus!

[07:48] MR

Ugh!

[07:49] Naomi

Focus... Focus... Focus...

[07:54] Cyan

Wh-What are you...

[08:00] Cyan

Get over yourself!

[08:02] Cyan

Destroy!

[08:02] Naomi

Focus! Focus! Focus! Focus!

[08:08] Naomi

Deform!

[08:23] Ash

What just happened?

[08:25] Naomi

I realized the frequency characteristics
of the generators those two have

[08:29] Naomi

that activate when they're in
Gladiator mode are identical.

[08:32] Ash

Huh?

[08:33] Naomi

So if Rouge inverts her frequency and then
attacks the other with all her strength,

[08:39] Naomi

it should be possible for their
energies to offset each other.

[08:42] Ash

That flew right over my head.

[08:44] Naomi

It means they canceled out
each other's power.

[08:47] Naomi

It's the same principle
this antiphaser operates on.

[08:51] Naomi

Man, I sure am glad it worked, though.

[08:55] Ash

Leaning a bit heavy on the
"all's well that ends well," eh?

[08:57] Naomi

As long as it ends well, I'll take it.

[09:05] Naomi

There's something I want to tell you.

[09:09] Rouge

I have something I want to ask you, too.

[09:17] Eden

Gene...

[09:25] Naomi

You were a good duo.

[09:30] Ash

You two should talk things out.

[09:37] TV

*The full story behind the mass
terror attack on Aletheia HQ*

[09:41] TV

by an armed group last night remains unknown.

[09:42] Ash

How's our Sleeping Beauty doing?

[09:44] TV

While this information is unverified...

[09:45] Gregory

She's still unconscious.

[09:52] Ash

I guess they're with God now, huh?

[09:56] Gregory

The Visitors are not gods.

[10:00] Gregory

They're the first intelligent
lifeforms from outside Earth

[10:03] Gregory

that mankind ever made contact with,
forty years ago.

[10:06] Gregory

In other words, they're aliens.

[10:08] Ash

To this day, they only show themselves
to a small handful of VIPs.

[10:13] Ash

And yet, they so generously share
their superior technology with us.

[10:18] Ash

So what makes them different from gods?

[10:21] Ash

Though I guess, in the Neans' eyes,

[10:24] Ash

the humans who made them
are closer to being God.

[10:28] Gregory

The ones who created them are
Dr. Roy Junghardt and Dr. Eva Kristella.

[10:34] Gregory

Of course, the first Neans
they made, the Proto-Neans,

[10:39] Gregory

are entirely different from the
Neans in mass production today.

[10:44] Ash

The Immortal Nine.

[10:47] Gregory

They are beings with the
potential to surpass humanity.

[10:51] Ash

Why the hell would they
make anything like that?

[10:54] Ash

Nothing but a giant pain
in the ass, if you ask me.

[11:05] Rouge

H-Huh?!

[11:07] Rouge

Wh-What are you doing?!

[11:09] Naomi

Huh? Oh, this?

[11:12] Naomi

If I don't wear this,
they'll realize I'm not human.

[11:15] Rouge

Huh?!

[11:17] Rouge

You're not human?

[11:21] Naomi

Naomi Orthmann is not a human,

[11:24] Naomi

but a contact Nean the Visitors created
in order to interact with humans.

[11:29] Naomi

That's me.

[11:31] Naomi

I never told you?

[11:33] Rouge

You didn't.

[11:34] Naomi

Because you never asked, I guess.

[11:36] Rouge

You have way too many secrets!

[11:40] Rouge

So why did we come here?

[11:43] Naomi

I told you.

[11:45] Naomi

There's something I want to tell you.

[11:47] Rouge

Stop dragging it out. Just tell me.

[11:49] Naomi

They probably want to tell you personally.

[11:52] Rouge

I don't have time to waste doing this!

[11:55] Naomi

Here they are.

[12:06] Naomi

X Noah.

[12:08] Naomi

The beings that the Earthlings
call "Visitors."

[12:14] Rouge

Are they... merfolk?

[12:22] Visitor1

We X Noah once had forms
resembling those of humans.

[12:27] Visitor2

We evolved over the course of many
generations to adapt to interstellar travel,

[12:33] Visitor2

resulting in this form.

[12:35] Rouge

Eh? Huh?

[12:37] Naomi

They thought you were
asking them a question.

[12:41] Naomi

I've brought Rouge Redstar,
code name Metal Rouge.

[12:45] Visitor1

Understood, First.

[12:48] Rouge

"First"? Who's that?

[12:50] Naomi

I was the first Nean that the X Noah
created in imitation of the humans.

[12:55] Naomi

Thus, I'm the "First."

[12:58] Visitor3

Currently, it refers to the one
who goes by Naomi Orthmann.

[13:02] Rouge

So your real name is "First"?

[13:04] Naomi

I'm Naomi Orthmann.

[13:06] Rouge

Huh? The first Nean...

[13:10] Rouge

Wait, how long has it been since the Visitors came here, again?

[13:14] Rouge

Ah!

[13:15] Naomi

What's your point?

[13:16] Rouge

I thought you were older than me, but...

[13:19] Naomi

Gonna start respecting your elders?

[13:20] Visitor2

Relative resonance.

[13:22] Visitor3

Meaningless conformity.

[13:24] Visitor1

Excessive synchronization.

[13:26] Visitor1

First, we speculate that your thought patterns have changed

[13:29] Visitor1

after all of your time working with Rouge Redstar.

[13:32] Visitor1

However, your judgment remains logical.

[13:36] Visitor1

It will not hinder your mission.

[13:39] Visitor2

Your decision to bring Rouge Redstar here was logical.

[13:43] Visitor3

Residing within this vessel is logical.

[13:46] Naomi

In other words, you need to stay here until all this is resolved.

[13:50] Rouge

What?!

[13:51] Naomi

The key to decoding Code Eve lies within your id.

[13:56] Rouge

Jill... Silvia said the same thing.

[14:00] Rouge

It's really true?

[14:01] Naomi

Yes.

[14:02] Naomi

Which is why it'll be safer
for you to stay here.

[14:06] Rouge

You're going to lock me up in here?

[14:09] Rouge

Are you going to betray me again?

[14:11] Naomi

The Visitors don't interfere
with Earthlings,

[14:14] Naomi

nor do they limit their behaviors.

[14:17] Naomi

They're just saying that staying here
would be safest for you.

[14:20] Rouge

Safest?

[14:22] Rouge

If you don't interfere, why are the Neans
and Code Eve any of your business?

[14:26] Visitor1

We speculate that there are
Usurpers among the Alters.

[14:31] Visitor2

If Code Eve is activated,

[14:33] Visitor2

all Neans will be set free,
rendering them uncontrollable.

[14:36] Naomi

And the Visitors believe the Usurpers

[14:39] Naomi

will take advantage of the chaos
to start another war.

[14:44] Naomi

The Usurpers are targeting our solar system.

[14:47] Naomi

They want to destroy the
Visitors and humans alike

[14:49] Naomi

and take a certain planet away from them.

[14:51] Naomi

And Silvia and those others are among them.

[14:56] Gene

Venus...

[14:58] Silvia

Precisely.

[15:00] Gene

The planet that's currently home to the most Neans in the solar system.

[15:04] Gene

I see. That makes it an ideal site for the base of your rebellion.

[15:10] Silvia

Not only that.

[15:11] Silvia

It's the planet we Neans were specifically created for.

[15:15] Silvia

There's no planet more worthy of using for the genesis of our new world.

[15:21] Rouge

The Neans were created for Venus? What does that mean?

[15:25] Visitor1

We X Noah lost our home planet.

[15:28] Visitor2

We have spent an eternity traveling in search of a new home planet.

[15:33] Visitor3

And that journey led us to this star system.

[15:37] Visitor1

We forged a contract with the humans of Earth.

[15:40] Visitor3

We X Noah provide technology that humans have not yet attained.

[15:44] Visitor2

The humans provide a planet where we X Noah can exist in our original forms.

[15:49] Noah

That planet is Venus.

[15:51] Visitor1

Our races agreed to reform Venus together,

[15:53] Visitor1

and the humans agreed to allow our race to migrate there.

[15:57] Visitor3

The Neans were created to perform that labor.

[15:59] Visitor1

They were created using technology provided by the X Noah.

[16:03] Rouge

Huh? W-Wait a minute!

[16:05] Rouge

You taught the humans how to make
Neans so they'd give you Venus?

[16:10] Rouge

Humans are making Neans work on Venus
because you gave them the technology?

[16:16] Rouge

And now the Usurpers are making Neans rebel,

[16:20] Rouge

and while they do...

[16:21] Visitor1

The Junoids, which humans
call Usurpers, are dangerous.

[16:25] Visitor2

Although their origins are the same as ours,

[16:28] Visitor2

they are destroyers of civilizations
who evolved in an evil way.

[16:32] Visitor3

And the Junoids also desire Venus.

[16:35] Visitor1

So long as they remain under human control,

[16:37] Visitor1

the Neans can be used to fight the Junoids.

[16:40] Rouge

What are you saying?

[16:42] Rouge

Both you and the humans want to use Neans,

[16:44] Rouge

work them like tools,
make them fight for you...

[16:47] Visitor1

That is what the Neans were created for.

[16:49] Visitor3

We recognize their value as logical beings.

[16:52] Rouge

Logical?

[16:54] Rouge

But that's...

[16:56] Rouge

That's just...

[16:58] Rouge

Get real!

[17:10] Chau

What's going on with Venus?

[17:13] Chau

Any word from the Planetary

Development Administration?

[17:15] Staff

Chief!

[17:16] Staff

Message from the Orbital Diplomacy Division!

[17:20] Staff

The Usurpers on Jupiter are making a move!

[17:26] Chau

Simultaneous invasions?!

[17:36] Naomi

The enemy's main body is on the move.

[17:38] Gregory

DEFCON 1 in response to the Usurpers.

[17:40] Ash

Oh, come on. Another war?

[17:44] Ash

I wasn't expecting any visitors.

[17:48] Ash

You're...

[17:50] Eden

Hey.

[17:54] Rouge

It's my turn to ask questions.

[17:56] Rouge

Why did you betray me?

[17:58] Rouge

Why did you give me to Ochrona?

[18:00] Naomi

I know, right?

[18:02] Rouge

Don't give me that!

[18:04] Naomi

I thought it was the safest option.

[18:06] Naomi

You would've been dismantled
right away if I hadn't.

[18:10] Rouge

Talk to me before you make
decisions like that!

[18:13] Naomi

Sowwy.

[18:16] Rouge

Let me hit you once.

[18:17] Naomi

Huh?!

[18:18] Rouge

Do you have any idea how much that sucked?!

[18:21] Rouge

They put me in some weird water,
I almost ran out of Nectar,

[18:24] Naomi

Okay, okay, fine! All right!

[18:24] Rouge

then you told me to do something
or other with some phase...

[18:27] Naomi

But go easy, okay? I'm not as tough as—

[18:34] Naomi

Ow!

[18:36] Naomi

I just said I'm not as tough as you...

[18:40] Naomi

Also, don't use your fist!

[18:43] Rouge

You're gonna stay with me, right?

[18:48] Naomi

I guess you'd be in real trouble without me.

[18:51] Rouge

Shut up.

[18:55] Rouge

So anyway, I'll be going now.

[18:58] Visitor1

Where will you go?

[19:00] Rouge

To Venus, of course.

[19:01] Visitor2

That is dangerous. The logical decision
is for Rouge Redstar to remain here.

[19:07] Visitor3

We recommend staying here.

[19:09] Naomi

It's true that even the Junoids won't have
an easy time messing with Orbital City.

[19:16] Naomi

It could be said that if Rouge Redstar
stayed here, Code Eve wouldn't activate,

[19:20] Naomi

meaning she would be safer.

[19:22] Visitor1

Indeed.

[19:23] Naomi

But now that Venus is in danger
of falling into the Junoids' hands,

[19:28] Naomi

I will bet on the potential Rouge Redstar has to resolve everything with her powers.

[19:34] Naomi

I put it to you that this is also a logical decision.

[19:44] Visitor1

We X Noah are not permitted to interfere in any individual's decision-making.

[19:49] Visitor1

Therefore, we accept your proposal.

[19:51] Visitor2

We will begin deliberations on an alternate plan in the event your proposal fails.

[19:56] Naomi

Thank you.

[19:59] Naomi

Then I will do the best I can at Rouge Redstar's side.

[20:03] Visitor3

We cannot accept your own departure for Venus, First.

[20:07] Visitor1

Your duties are limited to contact and negotiation with the humans of Earth.

[20:12] Visitor2

Combat is not among them.

[20:17] Naomi

I hereby request a day off.

[20:21] Visitor1

A day off?

[20:23] Naomi

Since the day I was born, I've never had a single holiday.

[20:26] Naomi

It's been academically proven that taking a day off improves one's work efficiency.

[20:32] Naomi

I have the data right here.

[20:37] Visitor1

I accept this as logical.

[20:39] Naomi

Thank you.

[20:42] Rouge

I'm impressed you've been able to deal with them all this time.

[20:45] Naomi

You get used to it, I guess.

[20:47] Naomi

I think they'll still pay me
even on my day off, though.

[20:56] Rouge

So how are we going to get to Venus?

[20:59] Naomi

Good question...

[21:03] Naomi

There we go! All's well that ends well!

[21:15] Ash

Hey.
