**[00:01]** ---

She's founded a company?

**[00:03]** ---

For Gundams?

**[00:04]** ---

It was Ms. Miorine's own idea!

**[00:06]** ---

She solicited investment and

**[00:08]** ---

bought out some of Peil's and Shin Sei's  
development teams on the spot.

**[00:12]** ---

I almost fainted.

**[00:13]** ---

Rich girls do everything flashier.

**[00:16]** ---

She must have an ulterior motive.

**[00:18]** ---

Four.

**[00:19]** ---

Doubt.

**[00:19]** ---

How did you know?!

**[00:21]** ---

Ms. Suletta's been having trouble  
ever since she transferred here.

**[00:26]** ---

You will have trouble  
with men in the near future.

**[00:29]** ---

What?! That's the last thing I need!

**[00:32]** ---

Shouldn't we just let her do as she likes?

**[00:34]** ---

It's got nothing to do with me.

**[00:36]** ---

It's got plenty to do with you.

**[00:38]** ---

Ms. Miorine?

**[00:39]** ---

What'd you bring the Princess here for?

**[00:41]** ---

I'm setting up the company here.

**[00:44]** ---

What?

**[00:44]** ---

GUND-ARM, Inc. will be run  
by me and everyone here.

**[00:49]** ---

That's it. You're welcome.

**[00:50]** ---

Huh?

**[00:51]** ---

Say what?!

**[00:52]** ---

Now the company's launched,  
there's a ton of things to do.

**[00:55]** ---

D-Don't talk like we've agreed to this!

**[00:57]** ---

And why us, any--

**[00:59]** ---

You'll be properly paid.

**[01:01]** ---

Any other questions? None, right?

**[01:04]** ---

I'm sorry. I'm so sorry.

**[01:06]** ---

I apologize for whatever  
Ms. Miorine's doing.

**[01:08]** ---

What will your company  
be doing with Gundams, anyway?

**[01:11]** ---

That's...

**[01:12]** ---

what I'm about to figure out.

**[02:47]** ---

That Spacian turd!

**[02:51]** ---

Chuchu, class is in session.

**[02:53]** ---

Are you okay with this, Nika?!

**[02:55]** ---

Why do we need to obey her?!

**[02:56]** ---

Huh?

**[02:57]** ---

Well, if it means

I get to work on Aerial...

**[03:00]** ---

And if the company is successful,

**[03:02]** ---

it's a chance to prove that

Earthians can do as well as Spacians.

**[03:05]** ---

Well, I'm not gonna wait on

some selfish Spacian bimbo!

**[03:10]** ---

It's breaking!

**[03:11]** ---

*Are you okay with this, Nuno?!*

**[03:13]** ---

Well...

**[03:15]** ---

It depends on the salary.

**[03:17]** ---

If it's mighty, I won't complain.

If it's meager, I'll slack off.

**[03:20]** ---

No, no, no, no!

**[03:21]** ---

We're talking Gundams! And witches!

**[03:23]** ---

They're all cursed!

**[03:25]** ---

You want to learn about business, right?

**[03:27]** ---

Isn't this perfect?

**[03:28]** ---

It's a perfect disaster!

**[03:29]** ---

The group's big shots are--

**[03:30]** ---

Martin Upmont!

**[03:32]** ---

Yes, sir!

**[03:33]** ---

If you can't be quiet, leave!

**[03:34]** ---

I'm very sorry!

**[03:36]** ---

Count me out.

**[03:38]** ---

And what do you think?

**[03:40]** ---

Depends on what we'd be doing.

**[03:42]** ---

Ms. Aliya! Mr. Till!

**[03:45]** ---

Do you have any clue where Ms. Miorine is?

**[03:49]** ---

You want to know more about Aerial?

**[03:51]** ---

Our company will be handling  
Gundams, so I have a lot of questions.

**[03:56]** ---

Is Ariel really safe?

**[03:59]** ---

Can she be mass-produced?

**[04:01]** ---

And why develop her when you  
had to hide that she was a Gundam?

**[04:08]** ---

I just sent you all of Ariel's past data.

**[04:11]** ---

People who want Gundams

**[04:13]** ---

will trust numbers  
over your words or mine.

**[04:18]** ---

Thank you.

**[04:20]** ---

Anyway, mass production  
is impossible at this point.

**[04:23]** ---

We haven't pinned down  
the basic elements of the GUND Format,

**[04:26]** ---

and aren't ready to accumulate data.

**[04:29]** ---

You'll have to begin with analysis.

**[04:33]** ---

*The Gundam's curse  
is a heavier burden than you think.*

**[04:39]** ---

So that's what he meant.

**[04:41]** ---

Um, Mom?

**[04:44]** ---

What is it?

**[04:45]** ---

Well, um...

**[04:47]** ---

Why did you...

**[04:48]** ---

say to me...

**[04:51]** ---

that Aerial wasn't a Gundam?

**[04:55]** ---

Aerial is family to us, right?

**[04:57]** ---

She's not really cursed, is she?

**[05:11]** ---

Does it frighten you?

**[05:12]** ---

No.

**[05:13]** ---

It's your arm, Mom. Same as always.

**[05:15]** ---

Thank you. But even so,

**[05:18]** ---

people can't help being afraid  
of the unknown.

**[05:22]** ---

And they try to  
keep that fear at a distance.

**[05:25]** ---

Or even attack it.

**[05:27]** ---

Gundams will remain in  
people's minds as forbidden machines.

**[05:32]** ---

Even so, I wanted to protect you two

**[05:35]** ---

from the curse's abominable flame.

**[05:39]** ---

Mom...

**[05:41]** ---

So that's it.

**[05:42]** ---

It was all for us, right?

**[05:44]** ---

But of course!

**[05:45]** ---

You're my beloved daughters.

**[05:48]** ---

I'm sorry for my silly question!

**[05:50]** ---

From now on, I'll protect Aerial too.

**[05:53]** ---

For your sake, Mom!

**[05:55]** ---

Be sure to tell everyone.

**[05:57]** ---

It's safe to have Gundams by their side.

**[06:00]** ---

Right!

**[06:03]** ---

Anyway... Wasn't there something more important to ask your mother?

**[06:07]** ---

Huh?

**[06:08]** ---

Like why you're able to pilot Aerial without suffering any harm.

**[06:12]** ---

Now you know she's a Gundam...

**[06:14]** ---

aren't you scared?

**[06:15]** ---

Not at all!

Aerial and I have always been family!

**[06:20]** ---

Have it your way...

**[06:22]** ---

Oh, Mercurian Miss.

**[06:24]** ---

Did you make up with your mother?

**[06:26]** ---

Yes!

**[06:27]** ---

In fact, I--

**[06:28]** ---

Suletta.

**[06:29]** ---

Don't tell that creep a thing.

**[06:31]** ---

You're mad again?

**[06:32]** ---

You don't want me  
getting close to your groom?

**[06:35]** ---

You only want to know more about  
Aerial for your company's sake.

**[06:40]** ---

And what about your company?

**[06:42]** ---

You have absolutely no time to sit back.

**[06:44]** ---

You managed to make it through there,  
but your investors aren't philanthropists.

**[06:49]** ---

Depending on your business plan,  
you might go back to zero.

**[06:53]** ---

What are you trying to say?

**[06:54]** ---

Why not let me take over the company?

**[06:57]** ---

What?

**[06:58]** ---

On what terms?

**[06:59]** ---

What?

**[07:00]** ---

Marriage to you.

**[07:01]** ---

What?! M-M...

**[07:02]** ---

Oh, shut up.

**[07:03]** ---

M-M-Marriage?!

**[07:06]** ---

1\an8}This ship will now...

**[07:06]** ---

*Let's discuss this again soon.*

**[07:08]** ---

1\an8}...enter a docking course.

**[07:08]** ---

Bye now, Mercurian Miss.

**[07:11]** ---

Uh... I...

**[07:11]** ---

1\an8}Please be seated and fasten your...

**[07:14]** ---

*I-I think I get it. It's you, Ms. Miorine!*

**[07:15]** ---

*1\an8}We will now enter...*

**[07:16]** ---

*1\an8}...a docking course.*

**[07:16]** ---

*Shaddiq is...*

**[07:18]** ---

*1\an8}Please fasten your seatbelts.*

**[07:18]** ---

in I-I-I-love with...

**[07:20]** ---

Don't kid yourself.

**[07:21]** ---

What?

**[07:23]** ---

It's just that he...

**[07:24]** ---

was raised in an orphanage  
run by the Grassley family.

**[07:27]** ---

What?

**[07:28]** ---

That guy will do whatever it takes.

**[07:30]** ---

Don't let your guard down.

**[07:32]** ---

Right...

**[07:35]** ---

As President Miorine instructed,

**[07:37]** ---

I've organized the disclosure  
information for the investors.

**[07:40]** ---

You've accepted your fate already?

**[07:42]** ---

Putting aside minor registrations,

**[07:43]** ---

there are a lot of things  
we have to decide.

**[07:46]** ---

Like salary, wages, bonuses, and raises.

**[07:49]** ---

They're all money matters, huh?

**[07:51]** ---

Those things are important too, but...

**[07:53]** ---

We have to start

with articles of incorporation.

**[07:55]** ---

Articles?

**[07:57]** ---

They're documents that establish  
the nature of the company.

**[08:00]** ---

The company's name, its founders,

**[08:03]** ---

the total number of authorized shares...

**[08:05]** ---

The specifics will be written  
in the company's business plan, but...

**[08:09]** ---

We have to decide  
the company's mission, right?

**[08:12]** ---

Whatever it is,  
it should be something profitable.

**[08:15]** ---

From what Suletta's mom said,

**[08:17]** ---

unless the GUND Format's safety is proven,  
we won't be able to manufacture Gundams.

**[08:22]** ---

What about Peil's Gundam?

**[08:24]** ---

I think they called it...

**[08:25]** ---

Pharact.

**[08:26]** ---

Did it use technology  
different from Aerial's?

**[08:29]** ---

We can't say without looking into it.

**[08:31]** ---

According to the documents  
we received from Peil,

**[08:34]** ---

the cost of building one Pharact unit was...

**[08:37]** ---

This much.

**[08:38]** ---

Are you serious?

**[08:40]** ---

How many units of my mobile suit  
could you buy with that?

**[08:42]** ---

After buying out Shin Sei's and Peil's development teams,

**[08:46]** ---

what are the company's assets?

**[08:47]** ---

This much.

**[08:49]** ---

Are you serious?

**[08:50]** ---

That's not even enough to feed Giko and the others.

**[08:52]** ---

Manufacturing is far beyond our dreams at this point.

**[08:56]** ---

Let's just make a rosy business plan to raise everyone's expectations.

**[09:00]** ---

Then people will come to finance us.

**[09:02]** ---

What are we gonna sell, then?

**[09:04]** ---

Right..

**[09:06]** ---

Normally, selling them as weapons would seem the most reasonable plan.

**[09:10]** ---

Yeah, that would be the natural thing to do.

**[09:13]** ---

Huh?

**[09:16]** ---

What? It would make money, wouldn't it?

**[09:19]** ---

You're a war orphan, aren't you?

**[09:22]** ---

There are tons of kids like me on Earth.

**[09:25]** ---

If we're only selling to Earthians, I'm for it.

**[09:28]** ---

But that would mean...

**[09:29]** ---

Earth would become a battlefield again.

**[09:32]** ---

I don't want that.

**[09:33]** ---

Hold on a second.

**[09:35]** ---

In the first place, selling only  
to Earthians isn't even realistic.

**[09:38]** ---

We're a part of the Benerit Group, after all.

**[09:41]** ---

What?!

**[09:41]** ---

Are you siding with the Spacians?

**[09:44]** ---

That's not what I mean.

**[09:45]** ---

I didn't come here to build mobile suits.

**[09:49]** ---

I love money, for sure.

**[09:51]** ---

Even so, I don't feel like  
profiting off killing machines.

**[09:55]** ---

At the end of the day,  
you're just another spoiled kid.

**[09:58]** ---

Oh, yeah?!

**[09:59]** ---

E-Everyone!

**[10:00]** ---

We can't fight like this!

**[10:02]** ---

She's right. Calm down.

**[10:04]** ---

What about you, Nika?

**[10:05]** ---

Huh?

**[10:06]** ---

If Spacians do as they please  
with the mobile suits we build,

**[10:10]** ---

could you handle it?

**[10:11]** ---

I...

**[10:16]** ---

The one who decides...

**[10:18]** ---

should be the president.

**[10:22]** ---

What?

**[10:23]** ---

Ms. Miorine...

**[10:24]** ---

Who cares if we sell weapons?

**[10:26]** ---

If you don't like it, you're free to go.

**[10:29]** ---

N-No way! We're all in this together!

**[10:31]** ---

Huh? It's my company, you know.

**[10:34]** ---

If that's how it is,  
you're the one who should leave.

**[10:37]** ---

What are you...?

**[10:49]** ---

Fine.

**[10:50]** ---

Ms. Miorine!

**[10:52]** ---

Martin!

**[10:52]** ---

Y-Yes?

**[10:53]** ---

I'll leave the details of the  
registration papers to you.

**[10:56]** ---

Lilique, you'll open the company's  
bank account.

**[10:59]** ---

And help Martin with the rest.

**[11:00]** ---

Yes, ma'am.

**[11:01]** ---

Right.

**[11:02]** ---

Is anyone here a decent artist?

**[11:05]** ---

Design us a company logo. Make it stylish.

**[11:08]** ---

Suletta... and the rest...

**[11:10]** ---

Don't lump us together!

**[11:11]** ---

Make a PR video that will  
rid Gundams of their bad image.

**[11:14]** ---

You've got two weeks.

**[11:15]** ---

Two weeks?!

**[11:17]** ---

Nail down everything before  
my lousy father changes his mind.

**[11:20]** ---

Don't slack off!

**[11:26]** ---

That bossy little Spacian turd!

**[11:36]** ---

Oh, sorry.

**[11:37]** ---

I thought this was a garbage dump.

**[11:44]** ---

Come on.

**[11:45]** ---

You're not making this fun.

**[11:47]** ---

Picking up litter?

**[11:49]** ---

How noble.

**[11:51]** ---

I'll pick up where you left off.

**[11:53]** ---

Sure...

**[11:54]** ---

Sorry for the trouble.

**[11:58]** ---

Come to our House.

**[12:01]** ---

You can shower there.

**[12:02]** ---

I won't lick the boots of a wimp  
who was afraid to duel me.

**[12:07]** ---

I only avoided it because  
I thought I could leave it to you.

**[12:11]** ---

What?

**[12:12]** ---

Call me if you change your mind.

**[12:15]** ---

I happen to be...

**[12:17]** ---

quite fond of you.

**[12:22]** ---

I don't need anyone's pity!

**[12:28]** ---

Yes?

**[12:30]** ---

*I sent you some Beguir-Pentes  
and a Michaelis.*

**[12:34]** ---

*They're bringing anti-Gundam weapons too.*

**[12:37]** ---

I've no intention of seizing it in a duel.

**[12:39]** ---

*Do it whatever way you like.*

**[12:42]** ---

*But don't forget.*

**[12:44]** ---

The Gundams must be erased  
from this world.

**[12:47]** ---

Yes, Father.

**[12:54]** ---

He's far too narrow.

**[12:56]** ---

In his vision...

**[12:58]** ---

and his ideas.

**[13:01]** ---

*And our Cathedra shall deny all Gundams.*

**[13:08]** ---

Gundam...

**[13:10]** ---

A mobile suit that kills its pilot.

**[13:14]** ---

The GUND Format...

**[13:17]** ---

I have to know more.

**[13:22]** ---

As soon as your company is ready,

**[13:25]** ---

Peil's development team and the Pharact

**[13:27]** ---

will be officially transferred to you.

**[13:30]** ---

I look forward to working with you,

**[13:32]** ---

Ms. Belmeria Winston.

**[13:34]** ---

Now, then...

**[13:35]** ---

What brings you here today?

**[13:37]** ---

I want to learn more about Gundams.

**[13:41]** ---

Mobile suits called Gundams that  
cripple their pilots' minds and bodies...

**[13:46]** ---

the Vanadis Institute that created them...

**[13:49]** ---

and the people we call witches  
are all to be abhorred.

**[13:53]** ---

That's what the public believes.

**[13:56]** ---

If they were defective,  
they could have been improved.

**[13:58]** ---

So why did they reject that...

**[14:00]** ---

and try to eliminate them  
by concocting that agreement?

**[14:05]** ---

And why did the witches

**[14:06]** ---

create the Gundams in the first place?

**[14:08]** ---

Don't.

**[14:10]** ---

Don't call them "witches."

**[14:12]** ---

Does that mean you're a witch too?

**[14:15]** ---

I was merely...

**[14:17]** ---

enthralled by the GUND's ideals...

**[14:20]** ---

and have simply  
been imitating what they did.

**[14:23]** ---

The GUND's ideals...?

**[14:26]** ---

Can you tell me more about that?

**[14:35]** ---

So you can't help hanging  
around this place after all.

**[14:39]** ---

Did you know about  
the ideals behind GUND technology?

**[14:43]** ---

My father told me most of it.

**[14:46]** ---

He trusts you, then.

**[14:47]** ---

I worked hard to earn it.

**[14:52]** ---

And? Who are you groveling to today?

**[14:55]** ---

I came to grovel to you.

**[14:58]** ---

There are customers who want Gundams.

**[15:01]** ---

If you can develop a machine  
equal in strength to the Aerial

**[15:05]** ---

that outperformed  
Jeturk's and Peil's mobile suits,

**[15:08]** ---

many buyers would want to obtain it  
even without Cathedra's approval.

**[15:13]** ---

And I'm sure you're aware of  
our monetary situation.

**[15:16]** ---

Why don't we work together?

**[15:19]** ---

Not only can I give you financial  
support until you're on your feet,

**[15:22]** ---

I can lend you any personnel you need.

**[15:25]** ---

Doesn't sound too bad, right?

**[15:27]** ---

And what's in it for you?

**[15:29]** ---

Gundams are a game changer that will  
revitalize the stagnant weapons industry.

**[15:34]** ---

The group will never grow  
further if it misses this chance.

**[15:37]** ---

Isn't your Daddy allergic to Gundams?

**[15:40]** ---

I'll bring him around.

**[15:42]** ---

I regard it as my filial duty.

**[15:46]** ---

Back in the day,

**[15:48]** ---

we submitted a project plan together  
in a business competition.

**[15:51]** ---

A secret from everyone...

**[15:53]** ---

I don't remember a thing.

**[15:54]** ---

The plan was accepted,

**[15:56]** ---

but our fathers found out and scolded us.

**[15:59]** ---

Still, I haven't forgotten that day.

**[16:05]** ---

If you and I work together,

**[16:07]** ---

I believe we can bring about  
a better future than our fathers.

**[16:10]** ---

Miorine.

**[16:14]** ---

There. You can clearly see  
where it's been edited.

**[16:17]** ---

Mr. Martin, there are mistakes here.

**[16:19]** ---

Aw, man...

**[16:20]** ---

Come on, you two!

**[16:22]** ---

Hurry up and bury the hatchet!

**[16:24]** ---

And where's the Princess, huh?

**[16:26]** ---

The two weeks are up.

**[16:27]** ---

I'll bet she got fed up  
and ran away to Earth.

**[16:30]** ---

M-Ms. Miorine wouldn't...  
She wouldn't do that!

**[16:34]** ---

You haven't known her  
long enough to say for sure.

**[16:39]** ---

Looking for me?

**[16:40]** ---

Ms. Miorine!

**[16:42]** ---

I-I believed in you...

**[16:44]** ---

Ms. Miorine--

**[16:45]** ---

You're annoying.

**[16:46]** ---

And?

**[16:47]** ---

Have you decided?

**[16:49]** ---

How we're going to sell the Gundams.

**[16:54]** ---

There are two ways to earn revenue.

**[16:58]** ---

The first is to sell Gundams as weapons.

**[17:01]** ---

In that case, we'll ask no  
questions about who we sell to.

**[17:06]** ---

And the other option...

**[17:14]** ---

1\an8}Good afternoon, Spacians.

**[17:17]** ---

1\an8}We are the staff of Vanadis,  
an institute for Permet research.

**[17:22]** ---

1\an8}Almost a century has passed\*

**[17:22]** ---

What the hell is this video?

**[17:24]** ---

1\an8}since we expanded our biosphere into space\*.

**[17:24]** ---

Who is she?

**[17:26]** ---

And we humans...

**[17:26]** ---

The one who created the Gundams.

**[17:28]** ---

...have always struggled to  
survive the harsh space environment.

**[17:32]** ---

*Weightlessness, vacuum,  
atmospheric composition,*

**[17:36]** ---

*space radiation...*

**[17:39]** ---

*Even with expensive  
vaccines and implant apps,*

**[17:42]** ---

*we can barely suppress  
the disorders themselves.*

**[17:46]** ---

*Which is why the GUND medical technology*

**[17:50]** ---

*that we're proposing  
could be a technology of hope*

**[17:52]** ---

*for supplementing the fragility  
of the human body.*

**[17:55]** ---

*GUND medical technology?*

**[17:56]** ---

*GUND technology has the potential  
not only to expand the biosphere,*

**[18:01]** ---

*but also to reconcile  
the divisions and disparities*

**[18:04]** ---

*between the people of Earth and space.*

**[18:08]** ---

*We hope you will join us in  
grasping hold of this ray of light*

**[18:14]** ---

*that could lead to a better  
future for all humanity.*

**[18:20]** ---

*This is the other way.*

**[18:22]** ---

*Pursuing the true ideals behind the Gundam...*

**[18:25]** ---

*we'll complete the GUND medical  
technology and send it out into the world.*

**[18:30]** ---

*But that means...*

**[18:32]** ---

*Using Gundams to save lives?*

**[18:36]** ---

A mobile suit...

**[18:38]** ---

that saves lives...

**[18:40]** ---

I don't know if the world  
will accept it or not. However...

**[18:44]** ---

it's worth a try.

**[18:46]** ---

First of all, it's great to take  
a different path from my lousy father.

**[18:50]** ---

I'll take on all responsibility.

**[18:52]** ---

Any objections?

**[19:04]** ---

*GUND-ARM... GUND-ARM...*

**[19:08]** ---

*A ray of hope*

**[19:12]** ---

*GUND-ARM... GUND-ARM...*

**[19:16]** ---

*Forward to the future*

**[19:21]** ---

It's safe... to pilot!  
It's reliable... to use!

**[19:25]** ---

It can fly! It can dance! Aerial!

**[19:31]** ---

*GUND-ARM, Inc.*

**[19:33]** ---

*is dedicated to the medical use  
of GUND technology.*

**[19:41]** ---

We've finished drafting the business plan  
for investors and streaming the PR video.

**[19:45]** ---

The articles of incorporation  
and various applications are done.

**[19:48]** ---

Once the school accepts  
our application for a student startup,

**[19:52]** ---

the company will be officially established.

**[19:54]** ---

Thank you all for your hard work!

**[19:56]** ---

I'm really tired.

**[19:58]** ---

All we did was help with the video, though.

**[20:03]** ---

A medical company  
that handles GUND technology.

**[20:07]** ---

It's better than being complicit in war.

**[20:10]** ---

There's no good or evil  
when it comes to saving lives.

**[20:13]** ---

Right?

**[20:15]** ---

I guess.

**[20:17]** ---

Thank you, Chuchu.

**[20:19]** ---

In my hometown...

**[20:22]** ---

there are lots of people who lost  
their arms and legs in mining accidents.

**[20:27]** ---

If I can make money and be useful  
to my family, there's nothing better.

**[20:35]** ---

And so...

**[20:37]** ---

has the food  
for the launch party arrived yet?

**[20:41]** ---

Thank you very much, Ms. Miorine.

**[20:44]** ---

For what?

**[20:45]** ---

You worked out a plan  
acceptable to everyone, didn't you?

**[20:50]** ---

I just couldn't afford to lose them.

**[20:54]** ---

To tell the truth... this is kind of fun.

**[20:59]** ---

It's like joining a club,  
just like my wish list.

**[21:04]** ---

Idiot. This isn't for amusement.

**[21:11]** ---

Stop here!

**[21:13]** ---

Huh?

**[21:16]** ---

Ms. Miorine?

**[21:19]** ---

What the hell is this?!

**[21:22]** ---

As directed, I've added new regulations.

**[21:24]** ---

Article 53, paragraph 3 of the Student  
Business Startup Regulations...

**[21:28]** ---

"Safety verification of new technology  
used in student businesses."

**[21:32]** ---

Miorine can't start her company now.

**[21:35]** ---

The Gundam will revert  
to being group property.

**[21:39]** ---

Now Mr. Sarius just has to dispose of it.

**[21:42]** ---

I feel kind of sorry for Miss Miorine.

**[21:45]** ---

Don't worry.

**[21:47]** ---

We can all help cheer her up.

**[21:50]** ---

I won't let him dispose of it.

**[21:52]** ---

The Gundam will eventually be needed  
by myself and the group.

**[21:57]** ---

I'll be taking over Miorine's company.

**[22:00]** ---

And if she refuses?

**[22:02]** ---

There's only one solution, right?

**[22:05]** ---

Though I doubt that's what Shaddiq wants.

**[22:07]** ---

But we're prepared for what comes next.

**[22:11]** ---

We'll simply seize the Gundam...

**[22:17]** ---

from Miorine's hands.

**[23:53]** ---

*Next time on*

Mobile Suit Gundam: The Witch from Mercury,

**[23:57]** ---

*"If I Could Take One Step Toward You."*
