Stand by me

Please

I don't know if I can become stronger

The rain washes away my tears

I want to be embraced by your warmth

The flickering lightbulb that's been neglected

One morning, it had quietly died

It's almost like you and me

Like the fleeting moment when

we held our hands together

I sat with my arms around my knees

Thinking of the days long gone

Stand by me

Please

I don't know if I can become stronger

Even if you aren't here now

Please give me the courage to reach out

Stand by you

Please

I want to get rid of everything

The rain washes away my tears

I just want to be embraced by your warmth
