[00:21] Magic 1

I was formerly known as Magic Brain 1.

[00:25] Magic 1

I currently find myself inside
of Mother's mental landscape.

[00:27] Magic 1

It all began when...

[00:29] Body

Hey, Magic 1! Get off your
butt and get back to work!

[00:33] Magic 1

Fine...

[00:35] Magic 1

Seriously, it's just nag, nag, nag, nag, nag!

[00:38] Magic 1

This is why nobody likes
muscle-brained athletic types.

[00:41] Body

The real problem here is—

[00:45] Magic 1

Well, she certainly flew far.

[00:48] Magic 2

Fore!

[00:55] Body

Ow!

[00:56] Body

That seriously, seriously hurt!

[00:58] Body

Augh, that hurts!

[01:00] Body

Did you hear me?! It seriously hurt!

[01:00] Magic 1

Settle down, Body Brain.

[01:03] Magic 1

We have Heresy Nullification, remember?

[01:06] Magic 2

That's right!

[01:07] Magic 2

That nullifies any damage to the mind,
so you shouldn't actually be in pain.

[01:11] Body

And what's wrong with at
least acting like I am?

[01:14] Magic 2

'Cuz it's a waste time!

[01:22] Body

What's with you?

[01:24] Magic 1

I've just been thinking
how we keep attacking her,

[01:27] Magic 1

yet Mother doesn't seem to
do anything in response.

[01:30] Body

Doesn't Heresy Nullification mean
she can't, even if she wants to?

[01:33] Magic 1

I hope you're right.

[01:35] Magic 2

Well, worrying about it
isn't gonna get us answers.

[01:38] Magic 2

Let's finish eating and get
back to our body!

[01:40] Body

Yeah!

[01:41] Magic 1

I guess.

SIGN Did Mother, Send These Annoying Puppet Spiders?

[03:21] K

I wonder if the baby bloodsucker
is gonna be okay?

[03:24] K

Seems like she's a target.

[03:27] K

Well, she has to have it easier
than if she'd been born as a spider!

[03:32] K

And I've got my own business to

attend to, so let's put that aside.

[03:35] K

Yep, sounds good!

[03:37] K

Come to think of it, I haven't heard anything from the Parallel Minds I sent after Mother.

[03:43] K

Oh, well, no news is probably good news!

[03:57] Magic 1

That's half of the legs,
after all this time!

[04:00] Magic 2

I thought we were never
going to get anywhere,

[04:03] Magic 2

but now, maybe we can pull this off!

[04:04] Body

What is with you two?! The second
I look away, you start slacking!

[04:07] Body

Get back to work!

[04:08] Magic 2

'Kay...

[04:13] Magic 1

Seriously, doesn't this seem weird?

[04:15] Body

Weird how?

[04:17] Magic 1

It's going to take a while, but if nothing
else happens, Mother is definitely going down.

[04:22] Body

That's a good thing!

[04:24] Magic 1

But she hasn't done *anything*.

[04:27] Body

Maybe she's given up since
she's too big to get outside?

[04:31] Magic 1

That can't be it.

[04:33] Magic 2

What, whatcha guys talking about?

[04:35] Magic 1

Just about how creepy it is that
Mother hasn't tried to do anything.

[04:39] Magic 2

You've got a point. She's got
all of these offspring still,

[04:44] Magic 2

but she hasn't sent them
after our body at all.

[04:47] Magic 2

She's even got some Archs left.

[04:49] Magic 1

If she sent multiple Archs at once,
they'd have a decent chance of winning.

[04:55] Magic 2

But if that happens, our body will
probably just teleport away.

[05:01] Magic 1

She'd run?

[05:02] Body

You obviously run if you don't
have a decent shot at winning.

[05:05] Magic 1

Maybe Mother understands that.

[05:09] Magic 1

We've been connected to her
from the minute we were born.

[05:13] Body

Would she really pay that much attention to
a single offspring? Look at how many she has!

[05:18] Body

But we're irregular by nature.

[05:21] Body

Maybe she kept an eye on us.

[05:23] Magic 2

Th-Then maybe that previous attack...

[05:27] Body

She might've sent a big enough force that
we wouldn't give up and run away.

[05:34] Magic 1

I think Mother has to be pretty smart.

[05:37] Magic 2

Which means the fact that she hasn't
done anything is really strange!

[05:41] Magic 1

Is she waiting for something?

[05:43] Body

Waiting for what, though?

[05:46] Magic

I couldn't tell—

[05:49] Magic 2

What was that sound just now?!

[06:04] Body

What's she doing?!

[06:15] Magic 1

She got us!

[06:16] Body

Let our body know about this, fast!

[06:19] Magic 2

On it!

[06:22] Body

What's wrong?!

[06:23] Magic 2

It didn't work!

[06:24] Magic 2

I think Mother's keeping
us from getting through!

[06:26] Magic 1

Did she cut our connection to our body?

[06:29] Magic 1

Was she quiet this entire time because she was
waiting until she had the chance to separate us?

[06:34] Magic 1

And now, all of her minions...

[06:37] Magic 2

She's ready to do this!

[06:39] Magic 2

She's going after our body,
and she's out for blood!

[06:42] Body

Wh-Wh-Wh-Wh-Wh-What do we do?!

[06:46] Magic 2

We can't do anything!

[06:50] Magic 1

Information Brain...

[06:51] Magic 1

Our assumption that Mother can't
get outside just fell apart.

[06:58] K

Now, then, what should I eat today?

[07:02] K

I wonder if there are wild
boars and deer in this world.

[07:05] K

Then I could throw them in
a hotpot and cook them up!

[07:08] K

And then afterward, some tasty fruits!

[07:14] K

This is gonna be so good!

[07:17] K

Hey, I already found some!

[07:19] K

Looks like I'm starting with dessert!

But who's gonna complain?

[07:25] K

So tasty! So sweet!

[07:28] K

So fantastic!

[07:30] K

I am so glad to be outside!

[07:35] K

Shaking?

[07:38] K

This is bad!

[07:39] K

I need to get out of here fa—

[07:54] K

What is Mother doing outside?!

[07:59] K

She's an absolute freaking beast!

[08:01] K

And about five times stronger than Araba?!

[08:04] K

There's no way I can fight that thing!

[08:07] K

Run for it!

[08:11] K

Gotta run, gotta run, gotta run, gotta run!

[08:15] K

Gotta run, gotta run, gotta run!

[08:17] K

Gotta run for it!

[08:25] K

And why didn't my Parallel Minds
warn me about this?!

[08:30] K

Hello?! Anyone there?!

[08:34] K

I don't think I need to guess:
She probably cut off the connection.

[08:37] K

This is awful!

[08:39] K

I've got a lot of questions,

[08:42] K

*like how she got out of the labyrinth,
and how she knew where to find me...*

[08:47] K

But they can wait!

[08:51] K

I have to teleport out of here!

[08:54] K

Even with Height of Occultism,
long-distance teleportation takes a while!

[09:03] K

All she's done is walk,
and it's like a natural disaster...

[09:06] K

If she catches up to me, I'll be pulverized!

[09:13] K

It's kind of cheap to be able to fire off a
big gun like that while running, y'know?!

[09:19] K

I need to finish transcribing
this spell already!

[09:22] K

She's gonna catch me!

[09:24] K

Have to evade...

[09:32] K

But I can't!

[09:47] K

That was terrifying.

[09:50] K

If my teleportation had been a second later,
I would've just been a smear.

[09:56] K

That explains why it was hard to walk.

[09:58] K

It's a shame to be stuck down
here after getting outside,

[10:00] K

but I might as well hole up in
the old pad until I'm healed.

[10:03] K

Down we go...

[10:13] K

Two Archs?

[10:16] K

And a bunch of the little ones!

[10:25] K

Excuse me?!

[10:33] K

*The fact that they're here with this kind
of timing has to be Mother's doing.*

[10:38] K

*Did she realize I was going
to teleport back to my house?*

[10:43] K

I may have underestimated how smart she is.

[10:53] K

P-Poison? Even with resistance,

this is looking really bad.

[11:11] K

Five of them?

[11:12] K

*I think Mother's dead set on some
good old-fashioned filicide.*

[11:16] K

*I would've already been resting in pieces
without that Perseverance skill.*

[11:20] K

I'm dead as soon as my MP runs out.

[11:22] K

*That said, since I have auto-MP regeneration
thanks to Height of Occultism,*

[11:27] K

I won't be dead in the next few seconds.

[11:29] K

*But if they do more damage than
I can heal, that'll be it.*

[11:38] K

This is getting me nowhere!

[11:40] K

*I have to head to the Middle Stratum
if I want to take these guys down!*

[11:47] K

*But they're not leaving
me any openings I can use to run.*

[11:51] K

If there's no opening, I have to make one.

[11:54] K

Poison Mist!

[12:02] K

Okay, so far, so good!

[12:07] K

*They're really fast! I don't
have a chance to teleport!*

[12:16] K

Okay, I managed to get some distance...

[12:18] K

*For my next trick, how about a sauna
endurance test in the Middle Stratum?*

[12:25] K

There's the entrance!

[12:30] K

What the hell is this thing?

[12:33] K

A puppet?

[12:40] K

So fast!

[12:41] K

And it uses weapons?!

[12:43] K

How is that fair?!

[12:51] K

Wait, is that its real body?

[12:53] K

*That is a really big
size-strength discrepancy!*

[12:58] K

This one has to be Mother's secret weapon!

[13:03] K

*A puppet in front of me, and Archs
to my back... Five of them!*

[13:08] K

*I'm already having trouble moving
with so many legs missing.*

[13:13] K

*And they're not gonna give me the
time I need for teleportation magic.*

[13:17] K

*The puppet is guarding the
route to the Middle Stratum,*

[13:19] K

*where I might be able to
even the odds a little.*

[13:27] K

*Why do I feel like I'm closer to dying
now than when I was fighting Araba?*

[13:33] K

*I don't wanna die!
I seriously don't wanna die!*

[13:39] K

I'm giving up...

[13:41] K

When pigs fly!

[13:49] K

Black Bullets!

[14:02] K

Keep an eye open for Future Sight,

[14:04] K

*and then use Jinx Evil Eye with
the others to absorb their MP!*

[14:08] K

All while keeping up the

Black Bullet barrage!

[14:13] K

All right, that'll give me
some room to breathe!

[14:15] K

Now if I can heal a bit while
holding this position,

[14:17] K

I can figure my next—

[14:20] K

I guess Black Bullet isn't
strong enough to stop them.

[14:27] K

Black Spear!

[14:31] K

Black Bullet!

[14:33] K

Black Bullet!

[14:34] K

Black Spear!

[14:36] K

Damn it, I can't use both of them at once!

[14:41] K

If I had even one of the Parallel Minds,
we'd be able to keep both of them going.

[14:49] K

I'm glad it's not attacking
in sync with the Archs,

[14:53] K

but having the route to the Middle Stratum
blocked off is really irritating!

[14:57] ---

[15:02] K

If I head in the opposite direction,
I'm gonna get further from where I want to be.

[15:06] K

Plus, they're not going to
just let me waltz on by.

[15:13] K

This is so damn annoying!

[15:15] K

Would you guys just pipe down?!

[15:18] K

I don't see any way out
of this! What do I do?!

[15:22] K

It'd be a huge help if I could level up, but
it hasn't been long enough since last time,

[15:26] K

so I don't have enough EXP...

[15:29] K

Wait, they might be weaklings,
but I've killed plenty of Small Taratects!

[15:35] K

I guess every little bit does help!

[15:38] K

Now, who looks like they'll
go down the easiest?

[15:44] K

C-Crap!

[15:45] K

Ow...

[16:04] K

That was my Phoenix Illusion—

[18:39] K

You were too slow!

[19:01] K

I managed to pull that off somehow.

[19:03] K

Oh, I better pull it up unless I want to be eating charcoal.

[19:12] K

That was as close as it's ever been.

[19:14] K

A single screw-up and I could've been dead for real.

[19:19] K

Come to think of it...

[19:21] K

That Puppet Taratect didn't show up in the evolution tree.

[19:25] K

I wonder if it's a special breed that you can't evolve into normally?

[19:29] K

No point wondering about it!

[19:31] K

Now I need to start scoping out Mother...

[19:34] K

But I still can't contact my Parallel Minds.

[19:39] K

Well, I should evolve first, anyway!

[19:41] K

Especially if I'm gonna be taking
on all these crazy strong enemies.

SIGN <Evolution Option: Zana Horowa>

[19:46] K

going to mess with me,

[19:49] K

I evolve, so I should be okay.

[19:53] K

Okay, let's evolve!

[19:56] Voice

Ede Saine will now evolve into Zana Horowa.

[21:39] Shun

Sue...

[21:43] Katia

Shun, I don't know how much comfort this is,

[21:46] Katia

but I don't think she'll be in any danger as
long as the brainwashing is affecting her.

[21:57] Shun

If I had done a better job...

[22:00] Shun

This wouldn't have happened
to you or Sue.

[22:03] Katia

Don't blame yourself.

[22:04] Katia

If it wasn't for your Mercy
skill, I would be dead already.

[22:10] Fil

Everyone, please gather around.

[22:15] Fil

We are not in a strong position right now.

[22:18] Leston

With the Church in his thrall,

[22:21] Leston

it's fair to say Prince Hugo nearly
has the world in his hands.

[22:23] Hyrince

If we don't stop him soon, the demons

are going to have the run of the place.

[22:28] Fil

It seems Hugo has begun a march on the elf village.

[22:33] Shun

In that case, let's intercept him and take them down!

[22:37] Hyrince

There's one problem with that.

[22:39] Hyrince

Look here.

[22:41] Hyrince

If we want to head to the elf village from here...

[22:44] Hyrince

This is the route we'd need to take.

[22:47] Shun

What's the problem?

[22:49] Hyrince

The largest labyrinth in the world,

[22:51] Hyrince

the Great Elroe Labyrinth, would be part of our route.

[22:55] Hyrince

That place is crawling with dangerous monsters.

[23:03] Shun

Is there any other way?

[23:05] Hyrince

None.

[23:05] Katia

It seems we don't have a choice.

[23:09] Leston

I don't feel right about leaving our kingdom the way things are.

[23:13] Leston

I'm going to head back for now.

[23:16] Leston

Shun...

[23:18] Leston

As the true Hero, you must strike down the false Hero that threatens the human race.

[23:23] Leston

You have to strike down Prince Hugo.

[23:27] Shun

I understand.
