

OP - SOUVENIR

Source: [Crunchyroll](#)

Well, apparently I've discovered that
I can take these yawn-filled days
And turn them into movies
I've found the secret and trick to it
Under this sky where we don't get along
I closed my heart and locked it
That's how I've managed to live my life
And the melodies now overlap
I wanted a sign, no matter how small
That I could actually find
better than any streetlight

I put a ribbon on each of the
sights that my eyes pick out

And I collect them like souvenirs
as I continue down this path home

The seasons each say hello,
and I shed a few tears as I go

Where should I begin to talk about
this way home that you've given me?

I walk and walk and sometimes
rush on my way to see you

I run and run, wait, no, I should
still walk on my way to see you
