[00:07] ---

Major Sirius...

[00:10] ---

As of this moment,

[00:11] ---

I order you to temporarily suspend pursuit
and elimination of the deserters,

[00:15] ---

and return to your original mission.

[00:18] ---

Make the securing of the spell that caused
Scorched Halloween or its user your top priority.

[00:26] ---

If securing is impossible,
you will need to eliminate the caster.

[00:40] ---

That's...

[00:42] ---

The Brionac.

[00:43] ---

Headquarters has given you
permission to use it.

[00:46] ---

For now, assume
that Tatsuya Shiba is your target.

[00:49] ---

Tomorrow night, you'll take the Stardust
members and launch an attack on the target.

[00:54] ---

You are to equip the Brionac and
intervene when you judge it necessary.

[01:03] ---

Yes, ma'am.

[02:36] ---

"FEBRUARY 15, 2096"

[02:39] ---

"ROBOT"

[02:47] ---

Oh, Shiba!

[02:49] ---

Is it true that Pixie
has emitted magical energy?

[02:53] ---

Yes. We detected traces
of high-density Psions from the P94's body.

[02:59] ---

They were emitted
from inside the chest area.

[03:04] ---

Pixie's chest region is where its
electronic brain and containment vessels

[03:07] ---

for fuel cells are, right?

[03:09] ---

Which one did it come from?

[03:10] ---

It was from close to the electronic brain.

[03:13] ---

Seriously, this is too much.

[03:16] ---

And we saw traces of Pushions, too.

[03:23] ---

Would you tell me what happened?

[03:27] ---

The incident started
exactly at seven this morning.

[03:34] ---

As usual, after Pixie's
self-diagnostic program ended,

[03:38] ---

it should've gone into suspend mode.

[03:44] ---

Access school student records.

[03:47] ---

But, this morning,
Pixie's functions did not cease...

[03:50] ---

and it accessed First High Schools' server.

[03:53] ---

Wasn't the forced shutdown
command transmitted?

[03:56] ---

It was, for sure.

[03:58] ---

The command was executed
inside Pixie's electronic brain.

[04:03] ---

But...

[04:04] ---

Reboot.

[04:06] ---

Requesting access
to school student records.

[04:12] ---

Request access again.

[04:16] ---

In the end, Pixie continued to access
the school's student records...

[04:20] ---

until the server shut down the system.

[04:29] ---

It was smiling the whole time.

[04:33] ---

Its expression was kind of excited.

[04:38] ---

Like it was eager about something.

[04:42] ---

I understand.

[04:45] ---

I'll take a look.

[04:47] ---

Pixie, cancel suspend mode.

[04:52] ---

What do you require?

[04:54] ---

Lie down face-up on that stand
and move into inspection mode.

[05:03] ---

I found you.

[05:10] ---

Shiba is even popular with robots.

[05:14] ---

I was not aware you had a hobby
of playing with dolls, Brother.

[05:20] ---

I wasn't the one who hugged her here.

[05:23] ---

She hugged me.

[05:24] ---

With your physical skills, Brother,
it should've been quite easy to dodge!

[05:30] ---

If I had dodged,
it would've hit you, wouldn't it?

[05:35] ---

I-I'm terribly sorry for my rudeness.

[05:39] ---

M-More importantly,
we need to do something about Pixie.

[05:43] ---

Pixie, move.

[05:49] ---

Sit on that table.

[05:51] ---

At once.

[05:53] ---

Mizuki...

[05:54] ---

Yes?

[05:56] ---

Take a look inside Pixie.

[05:59] ---

Mikihiko, I want you to be on guard
so she doesn't suffer any major injury.

[06:03] ---

You think Pixie is possessed by something?

[06:07] ---

That's right.

[06:23] ---

It's there!

[06:26] ---

The parasite!

[06:37] ---

But this pattern is...

[06:45] ---

What?

[06:51] ---

This pattern...

It's just like Honoka's.

[06:58] ---

What does that mean?

[06:59] ---

The parasite is under the influence
of Honoka's thought waves.

[07:04] ---

Um, does that mean

she's controlling it?

[07:09] ---

No, I don't believe
it's that sort of connection.

[07:13] ---

It's more like, the parasite
is copying Honoka's thoughts.

[07:17] ---

Or maybe I should say that Honoka's feelings
have been burned into the parasite.

[07:22] ---

I didn't do anything like that!

[07:25] ---

She's not saying you did it on purpose.

[07:28] ---

Right, Mizuki?

[07:30] ---

Yes. It's not conscious.
They're more like residual thoughts.

[07:39] ---

That is correct.

[07:41] ---

I awakened to especially
strong feelings toward him.

[07:49] ---

Active telepathy?

[07:51] ---

The residual Psions must've actually
been psychic power, not magic.

[07:58] ---

Can you communicate through speech?

[08:01] ---

I am able to understand speech.

[08:04] ---

However, it is difficult to control
this body's vocal organs...

[08:08] ---

so please allow me to use telepathy
in order to communicate my intent.

[08:12] ---

You seem to be communicating
in our language quite well.

[08:12] ---

A robot is smiling.
B-Because of Honoka? Psy-Psy-Psychic?

[08:15] ---

How did you learn it?

[08:17] ---

I have inherited
the knowledge of my previous host.

[08:21] ---

Then, are you the parasite from before?

[08:24] ---

Parasite. An organism that feeds off
another organism. Yes, we are similar to that.

[08:28] ---

How many people
have you sacrificed thus far?

[08:31] ---

How many?
I cannot answer that question.

[08:35] ---

I do not remember.

[08:37] ---

So many that you don't remember
the exact number?

[08:40] ---

That is incorrect.

[08:41] ---

The only thing we can inherit
when shifting host bodies

[08:46] ---

is the knowledge detached
from the host's personality.

[08:50] ---

We lose all memories linked
to their personality upon moving.

[08:55] ---

I see. That means you don't know
what kind of person your previous host was.

[09:00] ---

And you don't remember whether
there was one, two or more of them.

[09:07] ---

That is correct.

[09:09] ---

Your understanding is accurate.

[09:11] ---

So, you can offer your own impressions
in addition to answering questions.

[09:14] ---

Do all of you have emotions, as well?

[09:17] ---

We, too, possess a desire

for self-preservation.

[09:21] ---

You mean to say you possess likes and dislikes,

[09:24] ---

originating in deciding
whether things are beneficial

[09:26] ---

or detrimental to self-preservation?

[09:28] ---

That is correct.

[09:30] ---

What should we call you?

[09:33] ---

We have no name,

[09:35] ---

so please call this individual
by its nickname, "Pixie."

[09:39] ---

Then, Pixie...

[09:41] ---

Are you our enemy?

[09:44] ---

I am subordinate to you.

[09:47] ---

To me? Why?

[09:49] ---

I want to be yours.

[09:51] ---

I awoke from my resting state because of
the individual named Honoka Mitsui's thoughts.

[09:57] ---

We are drawn to strong
and highly pure thoughts,

[10:01] ---

and we form our ego
using those thoughts as a core.

[10:05] ---

Highly pure...

[10:07] ---

Do you mean thoughts rooted in single desires?

[10:09] ---

That is correct.

[10:11] ---

I believe that, in your language,

[10:13] ---

the concept of prayer would be closest.

[10:17] ---

I want to do everything for you.

[10:22] ---

I want to be useful to you.

[10:25] ---

I want to serve you.

[10:27] ---

I want to be yours.

[10:30] ---

I want to offer everything to you.

[10:33] ---

That is the prayer that awoke me.

[10:37] ---

And right now, the desire
to become yours makes up my core.

[10:44] ---

Therefore, I am subordinate to you.

[10:51] ---

I'm surprised you all have an ego,

[10:53] ---

and even more so that you're
all entirely passive beings.

[10:57] ---

In other words, you didn't come to
this world because you wished to. Correct?

[11:02] ---

We originally are simple beings that exist.

[11:06] ---

We are given wishes by our host.

[11:09] ---

That hits close to home.

[11:11] ---

Anyway, am I correct in saying
you will follow my instructions?

[11:15] ---

That is my wish.

[11:19] ---

Then, you will obey my orders.

[11:22] ---

I hereby forbid you to use psychic powers
without my permission.

[11:26] ---

You're using a sort of telekinesis
to change your expression, too, right?

[11:29] ---

None of that, either.

[11:32] ---

As you command.

[11:41] ---

I'd never even suspected
the monster could possess a robot.

[11:46] ---

It's probably because
it was a humanoid type.

[11:49] ---

What an unlikely *tsukumogami*.

[11:56] ---

You have piano and etiquette
lessons today, don't you?

[11:59] ---

Yes.

[12:00] ---

Then, I'll come pick you up
when it's over like usual.

[12:04] ---

Yes. I will be waiting for you.

[12:40] ---

Five of them...

[12:42] ---

And they're...

[12:45] ---

surveillance from another faction?

[12:51] ---

Everyone is in position.

[12:54] ---

Major Sirius...

[12:55] ---

The Stardust unit is in place.
What is your situation?

[13:00] ---

Ready to deploy.

[13:02] ---

Good. First, the Stardust unit
will attempt to capture the target.

[13:07] ---

If that proves impossible, they will lure him
to the park where you're waiting.

[13:11] ---

After that, I will leave it
to your judgment.

[13:13] ---

Roger that.

[13:14] ---

Then, begin the operation!

[13:53] ---

What? The spell bounced back!

[14:05] ---

An engineered magician...

No, an enhanced human?

[14:15] ---

Enhanced beyond their physical capacity.

[14:17] ---

At this rate, I bet they've got
only a handful of years to live.

[14:21] ---

A true suicide squad.

[14:54] ---

"VISITOR ARC VII"

[15:00] ---

That spell...

[15:01] ---

No doubt about it.

[15:03] ---

That was Strategic-Class magic,
Heavy Metal Burst.

[15:17] ---

The target has begun
following Major Sirius.

[15:20] ---

Why did Major Sirius decide
to leave her position?

[15:25] ---

And to fire the Brionac
in the middle of traffic...

[15:29] ---

Summon the relay vehicle!

[15:30] ---

Yes, ma'am!

[15:39] ---

She canceled her camouflage.

[15:42] ---

To focus her mind on this attack spell?

[15:46] ---

Tatsuya...

[15:47] ---

You'd better surrender.

[15:49] ---

I don't know how you disable magic,

[15:53] ---

but you won't be able
to mess with the Brionac!

[16:00] ---

I see.

[16:08] ---

No time!

[16:26] ---

The Brionac...

[16:28] ---

That which pierces. The Brionac.

[16:31] ---

One of the weapons
the Celtic god of light Lugh possessed.

[16:35] ---

Does that naming mean...

[16:38] ---

you've reproduced the mythical weapon?

[16:41] ---

Tatsuya!

[16:44] ---

I'll say it again.

[16:46] ---

Surrender!

[16:47] ---

You can't use your martial arts
with only one arm!

[16:49] ---

You have no chance of defeating me now!

[16:52] ---

What would you do with me
as your prisoner?

[16:55] ---

Human experimentation?

[16:57] ---

Like you did with them?

[17:00] ---

It doesn't really need to be said,
but I refuse to be your guinea pig.

[17:04] ---

Then...

[17:05] ---

I'll incapacitate you
and drag you away with me!

[17:13] ---

Your arm...

[17:15] ---

How?

[17:43] ---

Lina...

[17:44] ---

You'd be better off
quitting the army as soon as you can.

[17:49] ---

For a soldier, you're too naïve.

[17:52] ---

Or rather, you're too soft.

[17:55] ---

Sirius, commander of the Stars...

[17:58] ---

I really don't think you're fit for this job.

[18:03] ---

Oh, hello, Mr. Tatsuya.

[18:05] ---

What's the matter?

[18:06] ---

I'm sorry for calling so late, Mr. Hayama.

[18:10] ---

Actually, I just came under attack
by a small USNA military force.

[18:15] ---

Oh...

[18:16] ---

After fighting off their first wave,

[18:18] ---

I engaged in combat with the Stars commander,
Angie Sirius, and defeated her, too.

[18:22] ---

Then, I took down the backup team,

[18:26] ---

backed up the data they'd recorded,
and then erased everything they'd left.

[18:41] ---

Next, I repaired Sirius's wounds...

[18:44] ---

and erased all signs that we'd fought.

[18:48] ---

While making contact with the first wave,

[18:51] ---

I noticed other observers,
not with the USNA army.

[18:55] ---

They must have been Section Three.

[18:59] ---

Section Three...

[19:01] ---

Then, that unit was under
the Saegusa Family's yoke.

[19:03] ---

Yes. Mr. Koichi, the current leader of the Saegusa Family, seems to be interested.

[19:09] ---

I expect he is investigating the parasites... or more likely, is trying to capture one.

[19:14] ---

What a pain.

[19:16] ---

We will do something about the USNA military for the time being.

[19:18] ---

Please send the backed up data here.

[19:23] ---

Without an excuse to make Section Three take action,

[19:26] ---

Mr. Koichi should back out for the time being, as well.

[19:29] ---

Thank you.

[19:37] ---

Is something wrong?

[19:40] ---

No.

[19:41] ---

Nothing.

[19:47] ---

Brother...

[19:49] ---

You aren't hurt, are you?

[19:50] ---

Miyuki, calm down a little.

[19:53] ---

I shall not calm down! This blood...

[19:56] ---

You fought with Lina, didn't you? And it wasn't one-on-one, either, was it?

[20:02] ---

Please just stay calm.

[20:05] ---

You know that nobody can leave injuries on me if I don't let them, right?

[20:12] ---

I'm terribly sorry, Brother.

[20:16] ---

That was shameful of me.

[20:19] ---

Not at all. I'm sorry for worrying you.

[20:23] ---

No, that's not... It's natural for
a sister to worry about her brother!

[20:28] ---

I'm aware that no matter how many times
Lina challenges you, she can't defeat you.

[20:34] ---

Nobody can defeat you,
though you may search the entire world.

[20:42] ---

I wouldn't lose to anyone.

[20:45] ---

Not with you waiting for me.

[21:06] ---

Where am I?

[21:14] ---

Nobody's here?

[21:25] ---

Why?

[21:31] ---

No injuries...

[21:33] ---

No pain?

[21:36] ---

What's going on?

[21:38] ---

No.

[21:39] ---

Exotype magic...

[21:41] ---

A mental attack?

[21:43] ---

Have we been misunderstanding
something really important?

[21:48] ---

What if Tatsuya isn't a Mass-energy
Conversion Magic spell caster...

[21:53] ---

but a magician with a high aptitude
for Sensory Interference Magic?

[21:58] ---

An illusion master?

[22:00] ---

Oh, right!

[22:02] ---

I have to report to the control room!

[23:42] ---
